ATTACK ON DEPARTMENT OF LABOR

House Appropriations Committee Throws Down Gauntlet to Labor of the Nation.

[By GRANT HAMILTON.]

The House Appropriation Committee in the last Congress dealt the Department of Labor a terrific blow by refusing to recommend any appropriations for the Services (with the exception of the Woman in Industry Service) instituted by the Department during the war and which are vital as peace-time agencies. In marked contrast to this effort to make the Department of Labor even less effective than before the war, appropriations were provided all other departments to enable them to broaden their work to meet developing needs.

It was evident a few days before the House Appropriations Committee made its report that a drive was being made by hostile interests to destroy the Department of Labor so far as it was possible to do so. The report of the Appropriations Committee to the House confirmed the information that an attempt was to be made to strangle the Department. The Senate did not act upon the sundry civil bill, and therefore these hostile influences have as yet not been able to carry out their program. The same sort of campaign is being prepared against the Department in the coming Congress.

The Services that are vital to the interests of the Department are the Employment Service, the Working Conditions Service, and the Woman in Industry.

If labor in this country desires to maintain an agency in Government to represent its interests, it will be necessary for it to make emphatic protests against the Department being stripped of the Services mentioned. Senators and Representatives should be notified officially by unions in their districts that it is the judgment of organized labor that the Employment Service, the Working Conditions Service and the Woman in Industry Service should be maintained as peace-time organizations, with adequate appropriations. Every worker

can protect his own interests and those of fellow-workers by writing his Representative and Senators in behalf of the Department of Labor.

Labor by acting in concert will be rendering valuable service to the Department of Labor, the creation of which was the result of many years of tireless effort. The American Federation of Labor is giving its full support to the end that the Services mentioned shall be retained.

INCISIVE COMPARISON.

Government's Interest in Commerce and Agriculture Overshadows Its Concern for Labor.

[By GRANT HAMILTON.]

Commerce and Agriculture receives large consideration from Congress and immense sums are appropriated to maintain these two agencies in Government. No one with a rational point of view objects to Congress adequately providing for the general welfare of Commerce and Agriculture. It is not only commendable, but it is the duty of the Government to pursue that policy.

In the light of this judicious expenditure, how does Congress treat labor when it comes to providing for the Department of Labor? Let me give you a concrete illustration. The Agricultural Appropriation Bill did not get through the last Congress, but a large appropriation was proposed, and undoubtedly the incoming Congress will provide an equally large sum. The Legislative Bill did pass and is now a law, while the Sundry Civil Bill passed the House and died in the Senate. Contained in these bills are these huge sums:

For Dept. of Agriculture.....\$31,691,562
For Dept. of Commerce..... 25,533,205

When you contemplate these tremendous sums appropriated for Commerce and Agriculture—then compare them with the Labor's Appropriation:

For Department of Labor.....\$4,171,210

Now, out of the above sum \$2,815,550 is appropriated to execute the immigration and naturalization laws. This leaves

but \$1,355,660 for the other activities of the Department of Labor.

Why this discrimination by Congress?

Write and ask your Representative in Congress and see what he says about it.

Write and ask your United States Senators to explain.

Ask them why this policy of destruction rather than reconstruction. Do it now.

NATIONAL CONFERENCE OF STEEL WORKERS—ALL CRAFTS INVITED TO SEND DELEGATES.

On Sunday, May 25th, at 10 A. M., in the Union Labor Temple, Pittsburgh, Pa., a national conference will be held of representatives of all the unions of every craft in the iron and steel industry throughout the United States. This great conference will be held under the auspices of the National Committee for Organizing Iron and Steel Workers. Its purpose is to devise ways and means to complete the organization of the workers in the iron and steel mills, so that they can reap the benefits of unionism in the shape of higher wages, shorter hours, and better working conditions.

The miners, railroad men, building tradesmen, packing house employes, shipyard workers, garment workers, printing tradesmen and many other classes of workers are strongly organized and are enjoying good conditions. While the mill workers are trembling in fear of wage reductions, these united workers are continuously marching ahead to better conditions. It is high time that the iron and steel workers followed their example by completing their organization.

The national conference on May 25th will be one of the most important gatherings of working men ever held on the American continent. It will mark an epoch in the industrial history of this country. Delegates from the great mills at Gary, Bethlehem, Steelton, Birmingham, South Chicago, Pittsburgh, Homestead, Youngstown, Cleveland, Joliet, Indiana Harbor, Pueblo, Duluth, McKees-

port, Duquesne, Chicago, Leechburg, Clairton, New Castle, Steubenville, Mingo, Wheeling, Bellaire, Milwaukee, Braddock, Rankin, Donora, Monessen, Charleroi, Peoria, and many other places will be present.

President Gompers, Secretary Morrissey, the Executive Council of the American Federation of Labor, the Presidents and Secretaries of the twenty-four international unions cooperating in the great drive to organize the steel industry, and the members of the National Committee for Organizing Iron and Steel Workers, have all been invited to attend.

All local unions, of every trade, regularly affiliated with their respective international unions and the A. F. of L., having members employed in iron and steel plants, or having jurisdiction over men employed in these plants, are urged and invited to send delegates. This includes Blacksmiths, Boiler Makers, Brick and lay Workers, Bricklayers, Bridge and Structural Iron Workers, Coopers, Electrical Workers, Foundry Employes, Iron, Steel and Tin Workers, Machinists, Mine, Mill and Smelter Workers, Mine Workers, Molders, Pattern Makers, Plumbers and Steam Fitters, Quarry Workers, Railway Carmen, Seamen, Sheet Metal Workers, Stationary Firemen, Steam and Operating Engineers, Steam Shovel and Dredgemen, Switchmen, etc., etc., working in the iron and steel industry proper.

All unions, regardless of size or craft, are entitled to two delegates apiece.

Now is the time for the iron and steel workers to get busy! Hurry up! Organize! Elect delegates to this historic conference! Don't fail to have your plant and town fully represented.

have entered into a new agreement with the Light & Power Company of that city. The following wage scale is provided:

Linemen	80c per hour
Inside wiremen	80c per hour
Armature winders	80c per hour

Eight hour work day and union shop conditions.

IN MEMORIAM

BROTHER THOMAS BURNS.

Whereas, It has pleased the Almighty God in His infinite wisdom to call home to Him, Brother Thomas Burns, on Monday, March 17, 1919, and thereby closing the career of one of Chicago's useful servants and causing a vacancy in the Englewood Fire Alarm Office where Brother Burns has served the city of Chicago the greater part of forty-seven years, where his many friends and acquaintances learned to admire his smiling countenance, his pleasant ways and broad mind; and

Whereas, In his death his wife has lost a true and loyal husband, and his son a loving father; and

Whereas, L. U. No. 9, I. B. E. W., has lost a true and loyal member whose presence we shall miss for a long time, that we bow our heads in prayer and humble submission to Almighty God; therefore be it

Resolved, That we, the members L. U. No. 9, I. B. E. W., extend to his bereaved family our heartfelt sympathy in this their hour of sorrow; and be it further

Resolved, That we drape our charter for a period of thirty days, a copy of these resolutions be sent to the bereaved family, a copy to our official Journal for publication,

Ralph A. Brehman,
Joy McConkey,
Committee.

BROTHER ERNEST HALL.

Whereas, It has pleased the Supreme Being (Whose wisdom is displayed in the glories of the night, the foliage of the forest, the roaring of the rivers and great waters of the deep) to look down from His Majestic Throne of Grace and summon from our midst Brother Ernest Hall; and

Whereas, We have lost through the mercy of God a most loyal fellow member, a sincere and earnest worker, a true friend and brother, a member of the greatest of all organizations, the brotherhood of man; therefore be it

Resolved, That while we bow in humble submission to Him who doeth all things well, we deeply mourn his loss; be it further

Resolved, That the members of L. U. No. 9, I. B. E. W., extend their most profound sympathy; and be it further

Resolved, That our charter be draped for a period of thirty days in respect of our deceased brother, a copy of these resolutions be forwarded to the bereaved family, also to our official Journal for publication, and a copy be spread on our minutes as a matter of record.

Charles H. Green,
Ralph A. Brehman,
Joy McConkey,
Committee.

BROTHER JOHN CAUGHOLL.

Whereas, It has been the will of the Almighty God to call from this world, in the prime of his life, our beloved and esteemed Brother John Caugholl; and

Whereas, The members of L. U. No. 41, I. B. E. W., has lost by his death a loyal fellow member, a sincere and earnest worker, a true friend and brother, esteemed by all; and

Whereas, The intimate relation long held by our brother with the members of this local rendered it proper that we should place on our records, our appreciation of his services as a member and a man of merits; therefore be it

Resolved, That while we bow in humble submission to Him who doeth all things well, we mourn his loss; be it further

Resolved, That the members of L. U. No. 41, extend their deepest and heartfelt sympathy to his family and relatives in their hour of grief and sorrow; and be it further

Resolved, That as a mark of respect and sorrow, the charter of L. U. No. 41, be draped for a period of thirty days, and a copy of these resolutions be sent to his family, and a copy spread upon the minutes of our meeting and a copy be sent to the Electrical Worker's Journal for publication.

Otto W. Seitz,
Geo. C. King,
Committee.

BROTHER JAMES J. O'MALLEY.

Whereas, It has pleased the Almighty God in His infinite wisdom to remove from our midst our esteemed and beloved Brother James J. O'Malley; and

Whereas, We have lost through the mercy of God, a most loyal fellow member, a sincere and earnest worker, a true friend and brother, a member of the greatest of all organizations, the brotherhood of man; therefore be it

Resolved, That while we bow in humble submission to Him who doeth all things well, we deeply mourn his loss; be it further

Resolved, That our charter be draped for a period of thirty days in respect of our deceased brother, a copy of these resolutions forwarded to the bereaved wife and family, also to our official Journal and a copy be spread on our minutes as a matter of record.

THE JOURNAL OF ELECTRICAL

BROTHER GEORGE E. DECKER.

Whereas, It has been the will of the Almighty God to call from this world, in the prime of his life, our beloved and esteemed Brother George E. Decker; and

Whereas, The members of L. U. No. 41, I. B. E. W., has lost by his death a loyal fellow member, a sincere and earnest worker, a true friend and brother, esteemed by all; and

Whereas, The intimate relation long held by our brother with the members of this local rendered it proper that we should place on our records, our appreciation of his services as a member and a man of merits; therefore be it

Resolved, That while we bow in humble submission to Him who doeth all things well, we mourn his loss; be it further

Resolved, That the members of L. U. No. 41, extend their deepest and heartfelt sympathy to his family and relatives in their hour of grief and sorrow; and be it further

Resolved, That as a mark of respect and sorrow, the charter of L. U. No. 41, be draped for a period of thirty days, and a copy of these resolutions be sent to his family, and a copy spread upon the minutes of our meeting and a copy be sent to the Electrical Worker's Journal for publication.

Otto W. Seitz,
Geo. C. King,
Committee.

BROTHER JAMES CONLON.

Whereas, For the second time within but a few days our Brotherhood has been called to bow sadly, yet reverently, in humble submission to that divine philosophy of life and death which ever and anon demands its toll from our craft; and

Whereas, We have suffered in the death of Brother James Conlon, the great and irreparable loss of one whose untiring ardor and ceaseless efforts in the name of friendship and brotherhood created in the hearts of all the many who were privileged to call him brother, that deep sense of esteem and respect which can be equalled only by the sorrow which his untimely death has brought to our midst; therefore be it

Resolved, That while we feel deeply our loss, we pause for a moment and consider the loss which a loving and faithful wife, children in tender years and a sorrowing family must bear and to them extend that depth of sympathy and condolence which our own and their greater loss prompts; and be it further

Resolved, That in respect to his memory, we inscribe in our minutes a copy of these resolutions and cause our charter to remain draped in mourning for a further period of sixty days.

Chas. Frely,
C. O. Harned,
John McLivel,
Committee.

BROTHER RAOUL BOULET.

Whereas, It has pleased our Heavenly Father to call from our midst, our esteemed Brother Raoul Boulet; therefore be it

Resolved, That we, the members of L. U. No. 561, I. B. E. W., of Montreal, Canada, express to our late brother's family, our deepest sympathy and condolences in this their hour of grief; and be it further

Resolved, That our charter be draped for a period of thirty days, a copy of these resolutions sent to our official Journal for publication, and also to the bereaved family and that one copy be inserted in the minutes of this local, and a copy to be spread upon our records.

Charles H. Green,
I. A. Jardin,
President.
M. J. DeRepentigny,
Rec.-Sec'y.

MANUEL GONZALES.

Whereas, It has pleased our Almighty God, in His infinite wisdom and mercy, to call from our midst our beloved Brother Manuel Gonzales, who in his life was a true and loyal member and a zealous worker for the International Brotherhood of Electrical Workers; and

Whereas, The members of L. U. No. 108, feel the loss deeply, as Brother Gonzales, with his intimate relations held by all members of L. U. No. 108, deem it proper that we should place on our records our appreciation of his services as a member and officer, and a man of merits; therefore be it

Resolved, That our charter be draped for the period of 60 days; and be it further

Resolved, That we extend our heartfelt sympathy to his relatives and many friends; and be it further

Resolved, That a copy of these resolutions be spread upon the minutes, and a copy be sent to the family and our official Journal; also a copy to the Tampa Citizen for publication.

C. B. McPhearson,
R. L. Carpenter,
J. H. Carr,
Committee.

BROTHER WILLIAM MILLER.

Whereas, We, the members of L. U. No. 44, I. B. E. W., have been called to pay our last tribute of respect and esteem to Brother William Miller, who, after a noble struggle against the gravest conditions, succumbed to injuries received while on duty; therefore be it

Resolved, That as we bow reverently to the final mandate of the one ever living and true God, we turn for a moment from our own sorrow to that greater one which his untimely death has cast in the home and extend to those whom he leaves, our heartfelt sympathy in their great bereavement; and be it further

Resolved, That in our respect to his memory, we cause our charter to be draped in mourning for a period of thirty days and a Copy of these resolutions to be indited on our minutes.

Fred C. Miller,
R. E. Tanner,
Chas. E. Harned,
Committee.

BROTHERS WM. BIERHORST AND RUSSELL BLACKHAM.

Whereas, L. U. No. 212, I. B. E. W., have been called to pay their last tribute to the memories of our esteemed Brothers Bierhorst and Blackham; therefore be it
 Resolved, That we as members of L. U. No. 212, extend our sincere sympathy to their families and friends in their hour of grief and sorrow; and be it further
 Resolved, That we drape our charter for thirty days in due respect to their memories and that a copy of these resolutions be sent to their families and to our official Journal for publication.

Ernest Simonton,
 Committee.

BROTHER LEROY S. BOGERT.

Whereas, By the will of our Heavenly Father our esteemed and much beloved Brother LeRoy S. Bogert has been called away from his fellow members of L. U. No. 744, I. B. E. W., through an accident which happened a short while ago while in the performance of his duties, which he was never known to shirk, he died like a martyr, and we are glad to say he died like a martyr; words can not express our feeling for his dear wife and daughter, also his dear father, mother and brother who survive him; and our wishes of condolence from all the members of L. U. No. 744, especially from those who worked close to him, will be sent to his family; therefore be it

Resolved, That the charter of our local be draped for a period of thirty days, and on this meeting night, March 5, 1919, our worthy President John F. Whalen, call for a solemn silence of prayer of one minute out of respect to our late Brother Bogert.

Whereas, L. U. No. 664, I. B. E. W., has been called to pay its last tribute to the memory of our esteemed Brother Chas. J. Malley; therefore be it
 Resolved, That the heartfelt sympathy of the members of this local be extended to Brother Malley's relatives through the Worker.

Geo. T. Meehan,
 Press Agent.

BROTHER S. E. MALONEY.

Whereas, Our Heavenly Father in His infinite wisdom has called to Himself the soul of our esteemed Brother, S. E. Maloney, and,

Whereas, We have lost a loyal member and a brother, therefore be it

Resolved, That we, the members of Local 407 extend to the bereaved family our deepest sympathy in this, their hour of grief, and be it further

Resolved, That our charter be draped for a period of thirty days in due respect to his memory, and that a copy of the resolutions be sent to his sorrowing family, one to the Official Journal for publication, and that a copy be spread on the minutes of this meeting.

GOLD

Dollars or Stars!

Three men in a dugout.

Z ----- Z ----- Z ----- ! Bang ----- !

One man groaning in agony, asking someone for mercy's sake to kill him—writhing on the ground —legless.

One man crouching against the wall, the upper part of his head blown off, a grotesque jaw the only indication that a man's head had been on that body.

And a third—the writer.

Who stopped this slaughter?

You at home.

Germany saw that you were heart and soul in the struggle; that you were willing to make any sacrifice for victory; that your tremendous war preparations in men, equipment, munitions, ships and aeroplanes made Victory a certainty.

Now you have the chance of paying for that Victory with your dollars instead of your sons' blood—with gold dollars instead of gold service stars.

The man who passed through this experience will invest. Will you?

NOTICE.

Telephone Operators in New England voted to strike April 15th. Vote taken through their Joint Board. Strike was called April 15th. Since that date the male employees have joined them tying up telephone companies in all five states.

At this writing Company and Government are taking steps toward settlement and matter will probably be settled before this issue of Worker reaches members.

Action of New England employees will not effect the Nation wide strike vote now being taken on the action thereon.

A victory in New England will have excellent effect in all directions, but action must be confined to that District until general action is authorized by General Referendum Vote.

No change of plans or policy is necessary or advisable.

J. P. Noonan,
Acting Int. Pres.

NOTICES.

Local 82 is showing a good increase in membership. The linemen in this vicinity are 85 per cent organized and the inside men are at present 90 per cent strong.

We are working for a closed town if it takes a lifetime. This along with the big boom which is well under way in this city, will be a fine thing in the Labor forward movement.

Very truly yours,

P. D. Breidenbach,
Press Agent.

In the February issue I published a notice relative to James Kenney referring to his leaving town with tools not belonging to him; also leaving a board bill unpaid. Desire to advise all interested that he has since paid this indebtedness.

NOTICE.

I desire to acquaint all members with the conduct of one F. C. Ferguson, who formerly was located in Jacksonville, Fla., up until the time of the death of his wife. I personally stood for the funeral bill in amount of \$290.00, and Brother Ferguson agreed to reimburse me for same. I have heard nothing from him since, which was in the month of October. Anyone knowing Ferguson's whereabouts will confer a great favor by conveying the information to me.

F. A. Beardsley, Sec.-Treas.
Local 252, Ann Arbor, Mich., 325 Braun Ct.

Owing to difficulty in our jurisdiction, and the required number of men unemployed, we have placed Section 8 of Article 14 of the International Constitution in force.

Yours fraternally,

E. Morgan, R. S.

Owing to the difficulty in our jurisdiction it has become necessary to place in force Article 14, Section 8 of the Constitution. No Traveling cards will be accepted until further notice.

W. H. Harbster,
Secretary, L. U. 743,
Reading, Pa.

Anyone knowing the whereabouts of Wm. Osborne, who formerly resided at Nogales, Arizona, will kindly communicate with

L. Wolnitz,
555 Avenue C, Bayonne, N. J.

Local No. 131 is under fine progress. We have had Brother Harrison in the field for the past six weeks, with good results. We have taken in thirty-five new members and have about twelve more applicants ready to go in at our next meeting, April 10th. We also have an agreement in the field that will be signed up in the next few days, giving us better hours and wages also a closed shop.

Fred Stevens,
Press Sec'y. Local No. 131.

EDITORIAL

A circular letter dated, Youngstown, Ohio, March 24th, signed by F. A. Feigert, Secretary of what is termed an "Interstate Conference Board," and referring to the constitutional amendments now out for referendum action, has been distributed among the Locals.

As the letter contains some gross misrepresentations, which are misleading and not representative of truth—particularly so is that portion of the circular which claims there is no reasonable answer to the question, "why we should ever-lastingly be impoverished by the referendum, which costs about \$35,000 each time it is put out," we consider it our duty to expose the untruth.

Those responsible for the circular must have known the figures quoted of \$35,000, is an absolute misrepresentation, or else have included such figures in their statement for the sole purpose of creating the impression, that either extravagance is used at the International Headquarters in the matter of printing, or else they desire to discredit the referendum as a medium of expression.

We are quoting the actual cost of the referendum, and are itemizing the statement and challenge those who are responsible for the circular to make the fullest investigation as to the cost, and we will leave to the membership the question of veracity which this point raises. Either those responsible for the Interstate Conference Board circular have been untruthful, or the International Officers have misrepresented the situation.

It would seem those identified with the so-called Conference Board consider the initiative and referendum an improper instrument. The merits or demerits of this point, we will not attempt to debate, and suffice to say that insofar as we know, there is no other medium whereby the membership of an organization could express their views, except at conventions.

Another wilful attempt at misrepresentations, appears in the last paragraph of the circular, and refers to the chartering by the International Office of railroad electrical workers' locals. It is claimed these locals are organized by the representatives of the Brotherhood, and charters are issued by the International Officers. To this part of the indictment we take pride in pleading guilty and admit organizing and chartering railroad electrical workers wherever it is possible.

As to not having authority to organize railroad electrical workers into what is known as division or system local unions, we maintain the claim is barren of fact, and refer any one interested to the Proceedings of the St. Paul Convention, held in September, 1915, which instructed the officers to put forth every effort to organize the railroad electrical workers under a plan recommended by the International President, in his report to the con-

vention, which plan provided for such electrical workers to be organized into division or system locals.

We would ask, why does the membership issue instruction to their officers, unless they expect same to be carried out? Again we leave it to the judgment of the membership as to whether or not we have done our duty in this particular.

Would those who attack the officers for organizing the railroad electrical workers deny this class of mechanics admission to the Brotherhood? Would their plan be to separate men upon a railroad system covering several thousand miles of territory into twenty-five or thirty locals? If that is their solution then we question the wisdom of their scheme.

The circular claims Building Trades locals will be confronted with a menace of having their work done by these railroad locals in the near future. Those responsible for the statement must assume that the railroad electrical worker when he joins the organization and takes his obligation, does so with perjury in his mind, and does not intend to keep his obligation, but intends to trespass upon the rights of fellow members. The Authors of the circular know these are not facts. Railroad locals have been established in practically all large cities where the Building Trades interests are the greatest. We have yet to have one case brought to our attention where the railroad electrical worker has been a willing party to any invasion of the rights of another local union. There has been, however, cases brought to our attention where railroad companies have endeavored to compel the railroad electrical worker to perform work that properly comes within the jurisdiction of the Building Trades, and such railroad electrical workers have refused to do it either voluntary or in compliance with instructions.

We ask those who consider the railroad electrical worker as being a menace, if they honestly believe that in an unorganized state the railroad electrical worker would be in a position to decline to perform work coming within the jurisdiction of the Building Trades. In all but two cities in the jurisdiction of the Brotherhood, the railroad locals have been enthusiastically welcomed to membership and received the encouragement, assistance and support of the old established locals. Just why these two localities object to railroad electrical workers, we do not know, and are confident the general membership of the Brotherhood will be interested in hearing their reasons.

We are also confident that the misrepresentations will not influence the members to unfavorable action upon the all important question of increasing the per capita, neither do we consider that the attack made upon the officers, or the railroad electrical workers, will be productive of any results, other than to discredit those who attempted to misrepresent.

OUR TELEPHONE PROBLEM.

Now is the most critical time in the development of the situation as it affects the telephone workers of our entire Brotherhood. So far the matter has been conducted with due regard for its size and importance, knowing full well that the outcome of this movement will vitally affect, for many years to come, not only the state of organization within the telephone industry, but the working and living conditions of all who are employed in that industry. We have sought diligently to leave no avenue of settlement untried and no proper means of sustaining the difficulty, if one is forced on us, unprovided for. We fully realized that sectional votes taken did express the temper of those localities, their willingness and eagerness to have matters adjusted even though we were forced to suspend work to bring such settlement about.

We also recognized the fact that the telephone systems were now

under single and common control of the Telephone and Telegraph Administration, that to make success a certainty, it was necessary to have a single action cover the entire country and to have the entire membership pledged by vote to give it full support, financial and otherwise.

With this end in view it was placed before the International Executive Board. The Executive Board, all officers of the Brotherhood and officers of the operators' department present agreed to this as being the only safe and advisable system by which to proceed and in line with the action taken by the Board and officers, a vote was prepared and spread for referendum. Since that time, however, some localities have grown restless and eager to strike in advance of the polling of the referendum vote.

If we were on the other side of this controversy (the company's side) we would hail this disposition to call local or sectional strikes with delight, as no better means could possibly be found by the employers to break up the united movement.

Sectional strikes at their very best can only result in sectional settlements that will discourage those sections taking part in the general movement when it occurs and will allow the companies or administration to settle where they deem it best, especially at the well-organized points and fight at the less organized or weaker places, thus defeating the purpose of the Organization and depriving thousands of the compensation properly due them. Those advocating sectional or local strikes are either selfish as regards the interests of their particular locality or desire to see this, the first real, well-grounded and earnest attempt to fully organize and get conditions in the telephone industry fail.

While the vote is being taken the Brotherhood and department officials have at no time relaxed their efforts to bring about a settlement that would give to the workers a better condition and a voice in the fixing of their wage scales and conditions.

The matter has been taken up with every authority and through every possible channel until at this time it has reached the President of the United States, who has it under consideration, and doubtless in the near future will give expression to his opinions or conclusions on the subject. After this last and greatest authority of the administration has spoken we will know definitely what course to pursue.

Our strike vote closes May 11th, and from present indications, will be overwhelmingly in favor of a strike and support thereof. It is gratifying, indeed, to note the number of big locals not directly affected that voted unanimously to support the strike if called. Everything depends on united action and united support. Any locality that insists on going alone should not expect support in their course that weakens the whole structure, nor can they expect the support and respect of the other localities in the future.

The time for action is rapidly drawing close. STAND TOGETHER, WIN TOGETHER, and the future will see a united body that all the money and powers of corporate interests can not divide or destroy. A body that can and will get for the workers rights and conditions long denied, but justly due to them.

It takes patience, but it's surely worth it all.

**UNITED STATES SENATE
AND BOLSHEVISM.**

A senate committee, headed by Senator Overman, chairman, has spent much time investigating the social disease "Bolshevism." Testimony sufficient to fill volumes was taken. Individuals that ranged from our ambassador to Russia down to physical specimens of the germs were examined. We hope the investigation will prove helpful to our next congress. We trust they will have a complete understanding of the social ills

which are primarily responsible for the wave of industrial and political unrest existing throughout the civilized world.

There is another investigation individual members of congress can carry on between now and the time the next session convenes. They can inventory the thoughts of their constituents. They can inquire of the man with the dinner bucket, the woman in the factory, the farmer and all other producers of wealth, comforts, and necessities, just what they think of economic conditions.

We are inclined to the belief that such investigation will disclose to Mr. Senator and Mr. Representative that many of the humble constituency have quite practical ideas about such conditions. That many question the sincerity of some senators and representatives to legislate for general good. That many can't understand the senate's indifference in failing to pass many very important appropriation bills.

They will find many view this failure as playing cheap politics for the purpose of embarrassing the president of the country.

They will find a great body of citizens look upon the United States Department of Labor as a necessity for the maintenance of industrial peace and harmony, and now reduced to a helpless condition, through the failure of the senate making necessary appropriation for its maintenance. They will find this feeling is true respecting the Department of Agriculture.

They will find, failure to give the railroad administration funds for new construction and extensions, is not understood by the average man and woman as consistent with an honest desire to stimulate business and create work.

They will find, also, that the people care more about results than they do about the success of this or that political organization.

They will find the public understands such bills as those carrying appropriations for the army and navy, the general deficiency, the sundry civil, the agricultural, the public buildings and immigration measures failed of passage for no reason of furtherance of public good.

They will also find a general sentiment that these bills were considered as necessary legislation by the great mass of people and that their failure is providing propaganda argument for Bolshevik agitators.

They will find, if they take the trouble, that czars and kaisers are no longer tolerated as rulers of countries and that political tyrants and slackers in our national congress will receive short shift also, for the people want results not talk, fault-finding, filibustering and jockeying for political advantage.

VICTORY LOAN. The burdens of war do not end with the silencing of the cannon's roar. The bills remain to be paid. The sacrifices of life and limb cease, but our financial obligations go on. Let us meet them like men and women made happy by the triumph of democracy. Put enthusiasm into the Victory Loan campaign. Show the world our patriotism is not the kind requiring the simulation of military environs. Demonstrate that the American spirit is deep and not the emotional variety. Send the Victory Loan over the top by a wider margin than any previous loan.

Subscribe with the feeling that to do so is not just a duty, but feel rather it is an opportunity to invest your money where it will earn a higher rate of interest than banks pay and your investment is secured by the entire wealth of the Nation.

Those who can and don't subscribe are Americans in name only and not possessed of the spirit that makes the real honest-to-god kind that visited Chateau Theirry or the Argonne Forest.

Your neighbors will have the opportunity to determine which class you are in.

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912.

Of Journal of Electrical Workers and Operators, published monthly at Springfield, Illinois, for April, 1919, State of Illinois, County of Sangamon, ss.

Before me, a Notary Public in and for the state and county aforesaid, personally appeared Chas. P. Ford, who, having been duly sworn according to law, deposes and says that he is the Managing Editor of the Journal of Electrical Workers and Operators and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management (and if a daily paper, the circulation), etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 443, Postal Laws and Regulations, printed on the reverse of this form, to wit:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are:

Publisher, International Brotherhood of Electrical Workers, Springfield, Illinois.
Editor, F. J. McNulty, Springfield, Illinois.

Managing Editor, Chas. P. Ford, Springfield, Illinois.
Business Manager, Chas. P. Ford, Springfield, Illinois.

2. That the owners are: (Give names and addresses of individual owners, or, if a corporation, give its name and the names and addresses of stockholders owning or holding one per cent or more of the total amount of stock.)

International Brotherhood of Electrical Workers, Springfield, Illinois.
F. J. McNulty, Int. President, Springfield, Illinois.

Chas. P. Ford, Int. Sec'y, Springfield, Illinois.

3. That the known bondholders, mortgages, and other security holders owning or holding one per cent or more of total amount of bonds, mortgages, or other securities are: (If there are none, so state.)

None.

4. That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholders or security holder appears upon the books of the company as trustee or in any of other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

5. That the average number of copies of each issue of this publication sold or distributed through the mails or otherwise, to paid subscribers during the six months preceding the date shown as above is.....(This information is required from daily publications only.)

CHAS. P. FORD.

Sworn to and subscribed before me this 4th day of April, 1919.

NORMAN F. REINBOTH.

(My commission expires October 16th, 1919.

NOTE.—This statement must be made in duplicate and both copies delivered by the publisher to the postmaster, who shall send one copy to the Third Assistant Postmaster General (Division of Classification), Washington, D. Correspondence

L. U. NO. 9, CHICAGO, ILL.

Editor:

Put the spot light on No. 9 please; for our local is now rapidly coming to the light once again since most of the brothers who have been away on war work has returned. Some had a roll of bills that looked like nine miles of hall carpet, while others looked like the wreck of the Hesperus. The writer was one of the tourists who was in the East and put up good dollars for bad quarters, and ate food that would make your stomach get up and yell at every climax. And the best scenery I witnessed was the geography passing by, as I looked out the car window on my return to the windy city, where my eyes met the old haunts, and my nose was filled with the salt water sea breezes direct from the stock yards.

Bro. Geo. C. Allen who has always been an active worker for the cause of labor, was a candidate for alderman of the 13th ward on the Labor Party ticket. The new party was instituted a few months ago by men who are known to be honest, just, and sincere, to the cause of the worker. "Good union men." Yet none of the candidates went over. There are none so blind as those who have eyes and don't see. The only reason I can give for this lethargy on the part of the worker is, not having experienced a better condition than his present one, his mind is not capable of conceiving of better things, and plods along in the same old rut.

Now brothers, come out of this dilemma. Do something for the Labor Party; it has come to stay.

Telephone operators are organizing here with success. Much to the regrets of Ma Bell, many sleepless nights have been spent by her, devising ways and means to the hindrance of organization. One of the many clever methods pursued is for the dear old lady to give a dinner party to her daughters, usually on the hour of meetings of the union. Many a good will has been purchased by the way of the dinner route.

We have been anxiously waiting for some contract work to open. But the companies doing this class of work has been silent as the Sphinx.

I have heard some noise of an efficiency system to be established at the city job. But the boys don't worry much about that. The word "sufficiency" is what is worrying the most of them these days. Efficiency means to work eight hours with all the vim and energy that's in you, until you have a sag in your anatomy that bends your pin hinges.

Brothers, I will now bring my letter to a close, although I feel as though I have not done justice to all of you. There are so many subjects already covered in the Journal. Regarding the I. O., we have always given our best support. Also the Mooney case. We are on the alert, always. For a better and larger organization. I am yours

Fraternally

J. Nelson,
Press Secretary.

Editor:

Just another for the worker, having been sick with the "flu," and not being at the meeting, I will have to have something for the worker every month. So here it goes for some kind of a line.

We have elected another business agent. He is our financial secretary, W. T. McKinney, who we have been trying to land for some time back, but did not land him somehow or another, but he is landed at last. The office is still the same, 707 N. Broad St., Telephone is Pop. 2990, so if you stop, bring your little green card with you and consult him first before going to work and he will tell you whether the job is fair or not fair.

And as for work here, it isn't plentiful, for we have some brothers out of work here at the present time. So don't expect to land something right off the reel when you land for you may be disappointed if you think that way.

We have also one of our brothers back from France. He is Brother G. Suters from the Sunset Division, but I haven't heard him make his speech unless he made it while I was sick.

We have also heard from Bros. Chas. Kappel and John Garrety. They have met each other in France; they are with the 15th Infantry, and said they haven't seen a Worker since they have been in France. I think the G. O. ought to send them a Worker every month so they will know what we are doing over here in the good old U. S. A. Not only them two brothers, but the whole I. B. E. W.'s over there. They have written a good letter here telling of two brothers meeting who know one another.

I would like to see more letters in the Worker from the locals around this vicinity. There is No. 98, No. 299, No. 753, No. 553, No. 708, and also Trenton, N. J. locals and Wilmington, Del. What's the matter? Have you lost your pen or are you afraid of the Worker that is the same as the Indian in front of a cigar store. It won't hurt you to drop a line once in awhile.

Hoping to hear from some more locals in the next issue of the Worker; and also subscribe for the Worker. H. Weber, P. S. and R. S.

Editor:

As I have a few minutes to spare I will try my luck as Press Secretary. As the game is new to me I will endeavor to do my best. Well here goes as all brothers know by this time that the strike was called off on the 8th of February and the brothers all went back to work pending the outcome of the settlement that the G. O. can get with that man, Mr. Burleson. I think we, as a body, have proven to Burleson and the telephone company, that we can live without work for a few days at least and that as a body of union men formed together to fight for a living wage we have still got a little pep left in us yet and we are going to show them that union labor is going to have a little to say as to how things are going to be run for our benefit in this district.

But brother, the only way to get anywhere in this grand and glorious country is through the ballot at the poles on election day, because it have been proven to us that such men as our grand and noble postoffice general have got to be removed and the nicest way is at the poles.

Just to show you brothers how we, as a body have got to keep our shoulder to the wheel, we are trying to get our representatives to fight for this State Insurance bill and all the business houses in the city of St. Paul have signed circulars to keep the bill from going through the house and it will be some fight for us to get it passed, but nevertheless we as a body are going to fight until we have given them all we have got the same as we did the kaiser, if, we as a body, will fight as hard over here as the brothers did who went over there to lick the kaiser, why we sure will get somewhere in the near future.

No doubt some of the brothers will think I am very radical, but we have got to be in order to get anywhere in this world. We have got to fight the big fellow and beat him at his own game for when he wants any bills passed he gets his pocketbook filled up and starts out and when he gets through he finds he has invested his money in a good paying thing and we are the ones to suffer for it after making the money for him. He in turn, takes it out and tries to give us a licking with it and it is not very good when you get licked with a weapon that you made.

Well brothers, work is very quiet around here at present, but hope to see it pick up in the near future. We are doing as good as can be expected at this time under the circumstances and are only waiting the word of the G. O. to say the word and we will be there with the bunch.

We haven't given up hope yet for we are still out after the straggling ones and are going to make them come over on our side of the fence as we pick up a new member here and there.

Now don't forget Brothers to keep your shoulder to the wheel and we will show them that we are just as hard on this side as the boys that went over to France and I know that we are going to get our rights if we keep the good work up. Well as I have taken up a lot of space I will draw this letter to a close by wishing all the Brothers of the I. B. E. W. the greatest success.

We remain,

Local No. 23,
Press Secretary.

Editor:

Once more the maintenance section of Local No. 38 has inaugurated one of the biggest organizing campaigns that the city of Cleveland had ever known, and this time something is doing in the line of organization. Our initiation fee has been lowered to three dollars and already we are realizing results from the campaign that has just been started, and it only reasonable to assume that in a very short time all the maintenance men and telephone men in this town will be thoroughly organized.

The spirit of organization is in the air, and is getting to be quite contagious to some of these men that have seen the results obtained by organized men in the past four years. Those who were appointed to this special organizing committee are Bros. E. E. Schwind, Lamoreaux, Kelly, Zehe, Ayer, Keller and Hollowell. All classes of the Electrical trade is represented on this committee, and every man is doing what he can to get the others on the right road, and with the assistance of Organizer Fitzgerald, and the parent officers of section A,

things look pretty bright for our Maintenance men.

The Electrician of this section has been always considered rather aristocratic in his work, but the time is coming when aristocracy and the pleasures of life don't make any connections whatever

Organization is everywhere. Men that have never had an organization up to this day are now enjoying the benefits of Unionism. The employer could not do business without organization, a few days ago the civil engineers of the city who have always been looked upon as men who were on easy street as far as wages are concerned started an organization for those who work at that trade, and from the looks of others who have always scorned the idea of a Union there is a universal waking up of every class of men and women who have to work for a living.

The Wiremen of Local No. 38 are now entering into their annual discussion with the contractors for their new wage scale, and things are looking better every day, the wiremen are going after the 40 hour week and the one dollar per hour, and the unanimous acclamation of all the members of this section to this proposition shows that the employer will not have any chance to compromise. The employer has his old alibi that the few years of war prosperity for the electrician ought to give them the privilege to cut the scale, but the employer has not taken into consideration that the high cost of living has not lowered in any respect, and there is no indication of such being the case.

We are having quite a bit of trouble with this new fangled idea of organizing the railroad workers into separate organizations, and since this kind of work has been started we find that there are several who think they are real Building Trades mechanics, and have taken the opportunity in a good many cases to do this work. Local No. 38 has protested this section by the Railroad Locals through the Building Trades Council, and it is to be hoped that all the Building Trades in the country will make themselves known on this proposition. At this time Cleve has a Dock job of \$80,000 which has always been given to the Union men of Cleve who are in the Pile Drivers Union, but the Railroad officials have seen fit to ignore the Local men and as they have Union men in the guise of the System Federation they say that they are in their rights to let these men do the right work. This only means one thing if they are allowed to continue this work, and that is that the Building Trades Local in a very short time will have no definite jurisdiction to go by.

We were very agreeably surprised yesterday to have Brother Charles Ford, our International secretary, to drop in on us, and we had a very good discussion with him on the Railroad situation. Brother Fords idea to organize the workers of the railroads is fine, but there are a good many things to define in this work if it is going to be a success to all those concerned.

Basil H. Ayer,
Press Sec'y. of Maintenance section.

Editor:

Another month has rolled around and it is time we were getting our say in. Business is about the same here, and cannot hold out any prospect of a boom for a month or so.

The political situation has cleared up and all are back at work except one and he decided that as long as the powers that be has nothing on him more than inactivity in the one instance, it would be best to keep away until an administration was elected whose views were in sympathy with his.

We now have the Tel. proposition before us and if possible to organize the workers on Tel. jobs this should be the supreme test for both sides, but the more effort we make now to line them up the better showing we can make when the proper time comes. Put it up to them in a business like manner and see if we can organize them 100 per cent before it is too late. Let's make mother come across this time.

We can look for the boys back now who went over and each of you should ask yourselves, what have we to offer them in the way of better conditions than at the time of their leaving or have we laid down on the job while they were gone?

Local Union No. 39 has progressed in the last two years, but still has lots of material to work on for further progress, but it is a difficult piece of work where fifteen or twenty attend meeting out of a membership of close to 200. I believe a scrap of paper would serve the interests of some members as far as a card is concerned and every month they pay their dues providing the B. A. catches them on pay day, and that is the limit of their exertion for the betterment of themselves and fellow workmen. They consider themselves good members of the organization when the months' dues are paid. I believe if we would quit holding meetings and just collect dues from them for one year they would open their eyes.

Well this will have to be enough for this time. Hoping it makes the grade I remain

Yours fraternally,
M. W. P., P. S.

Editor:

Just a few lines owing to the laxity of our Press Secretary, I will endeavor to write a few lines in his behalf. As he is a very busy boy at present working in conjunction with the telephone operators in their new undertakings, I will kindly state in his behalf his friends softly smoothed it over on him the other evening at the meeting. He appeared on the scene all dolled up, but failed to put in his appearance at the meeting. We think he quietly slipped out to Lackawanna, but Hello was not there to be escorted in by the brave Samaritan. I will state Brothers and Sisters for the benefit of Sister Local 99A of our city, they are still on the job full of organization and hustling among the unorganized operators. As usual you all know a number of the girls were discharged for organizing, but they have succeeded and now have their charter. They also had four of their members visit Washington on their protest against the Telephone Co. for discrimination. They surely received splendid treatment and courtesy upon their arrival there. The Blonde Haired B. A. from 26 of Washington made reservations for them and Bros. Purcell and Bugniazet did all in their power in helping their mission to a success along with Frank Morrison of the A. F. of L. and Mrs. Basset, president of the Women's Democratic League, who is a personal friend of Postmaster General Burleson. I will state that this woman went to the front for the girls, which we are sure will meet with immediate action.

A few days after their return at home, a government man was upon the scene securing affidavits, so it looks bright for their return to their positions and rights to organize. Their dance which they held the movement was on foot only two weeks and they cleared over \$400.00, so sure was their dance a success, is doubly the assurance that their organization will be a success.

Now in regard to our Local 41 I will

state, things are very quiet here which no doubt is the same all over the country at this time. There are lots of school work contracts being let, so things must soon break for us here. There must be fifty of our men on the streets and more added to the list daily.

We had election of business agent here at our last meeting. Brother Fisher was re-elected over Brother Hanks and Brother Dubbins. Fisher's plurality was 81 over his nearest competitor, so you can see that Brother Fisher is the man for the position as his plurality shows. We have a movement on foot now in which we are holding an honorary ball for the benefit of the members, who served our country in this great conflict, "the world war." We had 54 members in the service, three of which gave their lives for their country. We are holding this ball on Tuesday, April 22, at Elmwood Music Hall. We expect this ball to be a great success.

Now in regard to organization work, I will state our Local is one of the many who are out for organization of all crafts, and help them to organize. We are now working on the Iron and Steel workers, and still working on the Pullman shops. In regard to the Pullman workers we have the Electrical End about 75 per cent organized and in our local until such time as we can put them in a local of their own. We have had a communication from the I. O. in regard to transferring them into 795. So we called for a committee of them to meet with our Executive Board to take up the request of the I. O. and they can't see the fairness of the transfer other than into a separate organization of their own Independent of 795. So we took up the question with the I. O. in regards to the committee's desire and I think things will come along all right for them, as we have received an answer to our communication, which sounds reasonable.

Well Brothers, as this is all I have on my mind at this time, I may get questioned for writing this, but I should worry. I'm big enough to shoulder it ha ha.

As news is scarce I will close. I have been watching for an article from Locals 86, 43, 5, for some time past, but I guess they are all asleep also.

Fraternally yours,
E. B.

Editor:

Since my last letter, I think I have learned a little, on the question of the Organized Labor Party. The true name is the Independent Labor Party.

The name really matters little, as the big idea is that it is to represent the Worker.

This is as it should be, but Brothers listen a minute, there is another party which seems to be on its last legs and who like a drowning person having lost his head will drag down his rescuer.

What do I mean? Just this, we must keep away from this drowning party who publishes literature containing Russian and German revolutionary principles.

One of our Detroit Brothers mailed me one of these publications. It contains among others, these articles, The State and Revolution of Nikolai Lenin, also The Principles of Democracy and Foletarian Dictatorship by Leon Trotsky.

Now Brothers have these two men done anything so great, that you and I must pattern after them?

Do we who live in a country where freedom was born, who all have a vote and can (if we want to elect any candidate for any office, all we have to do is (want to) strong enough, have to get ideas from blood thirsty revolutionists.

You and I have the power to run this great nation and all that is necessary is for us to cast our votes in the right manner.

Now what do you say. Let us boost this new movement, wherever we are. Sisters and Brothers, all of us.

Let us nominate men who will make massacres of workers an impossibility. Men who will fight for us in our State and National bodies. There are lots of good things to be got. Let us go get them. But remember we want no assistance from any party or person who is not absolutely American.

Let us not be a cat's paw for a party that is preaching anarchy and who would lay all overt acts at the door of Organized Labor (a drowning party), who will drown us too.

I have an apology to make Brothers. A Buffalo General Electric lineman told me that in my last letter I only spoke of the bad side of the condition on their job. They only get 49 cents per hour for 10 hours and have to work till one o'clock on Saturday, but they receive a week's vacation at the end of a year with pay. They also get four or five holidays with pay and the company has not laid off a man in five years. I hope this will suit him. I mean the lineman from the B. G. E. There are about fifty linemen there and of these about three cardmen. There are a lot of sizzler bills who run drops and get about \$3.50. Their foreman gets less than a real lineman. I have seen men put on these rigs at times who were getting 60 cents per day more than the foreman.

Instead of giving the old time linemen a chance on these light rigs and on trouble rigs, they work them till they fall over in the harness.

Brothers H. Stickney and J. Davison are training every day for their debut on the stage as Henderson and Hayden in an acrobatic comedy. Give them the glad hand boys. No bouquets please.

I would like to hear from Steel Plant towns, as to rates paid linemen and electricians.

Yours fraternally,
Robt. W. Zimmerman,
Ebenezer, N. Y., Box 153.

L. U. NO. 56, ERIE, PENNA.

Editor:

Have been thinking about the past just gone by and wish to ask the different brothers if they have ever stopped to think that we have loads of slackers in this good old U. S. A.? If not, just set the cog-wheels revolving in your head.

How many of you members are union men and how many are card men? How many work earnestly for the Local?

When election of officers comes due each year, is it the same heads each time or do you have big competition for the offices?

Isn't it a common thing (on each meeting night) as you wind your way to Local, to meet some member who is more interested in a dance, motion picture or theatre than he is in the great problem of getting fair wages to meet living expenses? Does this same member realize that his wage question is not only for his benefit but for the other brothers as well as his family?

Will this (so-called) brother stick through Union trouble unless forced? That is what makes our fight so hard, the Union man not only has to fight the contractor and rat but must keep a line on these slackers also. Oh! how easy it would be if every man who is under the wage-earner's whip, would but deposit his card in good, honest faith and then put his shoulder to the wheel and push like Hell.

Does this same slacker realize, when he accepts his wages, that he is taking the money which his faithful union brothers have made it possible for him to draw? No. He simply takes it without thought of Local

or promise to aid in getting better conditions.

In fact, I doubt if he even thinks of the Local at any time except to save himself from fines and so forth.

Another thing is this: When on the job, what class of work do you construct? Recently, I was on a construction job and after giving it the once over I noticed a great deal of work done by another journeyman. Now I will not knock another journeyman's work, he more than likely put the job up according to his bosses instructions, but, ye gods, it sure was some mess.

While I was constructing the job, my boss looked at the slop job installed previously and said "That's what I call a rotten mess." Now I am only relating this incident to get at the question—who does it all fall back upon—you or the boss? What is the first thing asked about a job like that? What do you say? Then why, in God's name, do some electrical workers who can do perfectly good work, lower themselves to do work like that without even a protest? Isn't your reputation worth anymore to you than that?

One thing more while I am at it. Don't you think it is a grave mistake for any member to be so slack as to allow his dues to get in the arrears? Is it possible that he does not know that under these conditions he is without benefits should he be so unfortunate as to be injured or still worse, taken from this earth or is he just another of these card men?

Why is there such little interest shown in the Journal, the book to which we all ought to look forward to each month? Yet one must deliberately get up on the floor to try to enroll the members and when those who do not refuse to enroll and separate themselves from two bits, you would really think that some of them were doing you a favor by the look on their faces, but I wonder if these same boobs realize that they are not in good standing without the good old Journal. Now brothers don't think I am preaching a sermon to you, it's only a few gospel truths being aired out, so don't be too hard on me.

As yet the Contractors of Erie, Pa., have not agreed upon the Electrical Workers agreement which is to take effect April 1, 1919, in fact they have returned our agreements without an explanation. Unless a settlement is reached in the remaining days of March, there will be trouble a plenty in Erie. So on that strength I wish to state that all Electrical Workers who are considering coming within our jurisdiction, to change their sail and drift the other way.

We had the pleasure of having International Representative, H. H. Broach with us last Wednesday evening and certainly did appreciate his speech. He sure is some live wire and it would be a good thing for Organized Labor if you had more like him.

L. U. NO. 69, DALLAS, TEXAS.

Editor:

It is with pleasure that I devote a few moments writing this letter informing every electrical worker of the actions of Local No. 69 and of the great progress being made in our strike against the Texas Power and Light Co. and The Texas Electric Ry. Co.'s. The walkout began on March 11th at 12:00 o'clock noon and was a complete tie up. Only one foreman, (George S. Becker) remained on the job. This man has worked for the company sixteen years. You traveling brothers should all know him and surely you know how to use his name in the future. Jim Weir remained on the Railway job for about two weeks until he got ashamed of himself and left the State.

Up until this time, all cities in North and East Texas are out and absolutely no work being done. Locals No. 97, 156, 272, 91, 884, 338, 388, 278, 119, 681, 59 and 69 are affected.

Brother Frank Swor of the I. E. B. has been assisting us from the start and declares this to be the finest outlook he has ever known. In fact every man is as confident as he.

We weren't very well organized at the start but all men gladly made application. Other application from small towns have been coming in for several months, mostly railroad linemen.

Joseph Meyers and C. A. Woodman, Federal Mediator and Labor Commissioner, are on the scene and are looking forward for a settlement soon.

We wish to thank all Locals for the financial aid and the entire local joins in expressing their appreciation for their promptness. It will be convenient to publish a complete list in the next Worker.

Brother W. R. Clark, our president, is acting Business Agent, and has been the most faithful worker I have ever known.

Probably I should state our demands. The agreement called for an eight hour day, 87½ cents per hour and a closed shop, the last of which will be absolutely necessary. I don't believe there will be any compromising.

I don't wish to take up all the space and can save a few words for the next Journal, but I do want to say that all locals should have a letter in every month. Some of you don't realize the good that it does. Wishing success to all locals and the I. O. I remain,

Yours fraternally,

L. U. NO. 83, LOS ANGELES, CAL.

Editor:

Having transferred my card from Local No. 34 to No. 83, the latter saw fit to elect me—the only boob present—Press Secretary. In retaliation I will not pay them any compliments as a whole, for it can't be did. However, about 20 per cent are all to the good—regular union men and on the job when the I. B. of E. W. interests are at stake.

I should worry. "I am working" best describes the other 80 per cent. They take no interest in the union, except for the loaves and fishes; otherwise, being dead, makes them prime favorites with the bosses and water on the wheel of the Merchants' and Manufacturers' machine. And no one knows it better than themselves. They don't read our Journal, for the good and sufficient reason that they don't pay for it, and to them is due all the thanks for the conditions that confront Local No. 83 today.

I read the February Worker—March not arrived—from kiver to kiver. Like Baldy of No. 1, I enjoyed it. My universal card stuff got a severe bump, but is still in order. The universal initiation fee, card and wage scale proposition was not intended to be popular with home guard locals, but is for the consideration of regular union men, who consider the interest of one the concern of all and will not injure a brother or see him injured. I am for a universal card that speaks for itself—good anywhere—as against one that is genuine in one local and counterfeit in another. It is foolish to deny that as a rule high initiations are established for no other purpose than to discourage a brother in depositing his card. The average exam-

ining board is a cunning artificial device, used for no other purpose than to shake a man down for his change. Investigation will prove, with few exceptions, that if you have the dough you can pass the examination. My advice is to abolish it. It is graft. This vicious system has been saddled on us by a group of idol worshiping soft paws at conventions, who are more interested in the election of a President than they are a poor devil of a journey man out of a job. I would suggest substitute them next time for a bunch of grunts. They could do no worse.

There is a movement started in this I. B. of E. W., composed of journeymen, to put it on its feet by placing the control in the hands of the men who do the work. No man who holds a paid office, political or otherwise, is eligible to membership. Neither is a man who does not subscribe for his own Official Journal. If any of you want in, let's hear from you in The Worker.

My pipe is out, so I will close. So here is to all the boys, from Baldy and Old Crip to Bad Eye Riley and Panhandle Pete. To the boys of Local No. 34, I say to you, you have them all cheated.

Yours for the cause,

W. W. (Shorty) Wade,
Press Secretary, Local No. 83.

P. S.—If we have 70,000 members and assess them one cent a day each, it would amount to \$700 per day; \$4,900 per week; \$254,000 per year. Everybody can stand it and nobody hurt. Here is the money to start an Electrical Workers' Home. Where do you want to build it? I place Los Angeles in nomination. Anything will beat what we got.

Editor:

We can not boast of any alarming prosperity, although conditions would warrant us to look for a brighter prospect in the electrical field in the near future.

In my last letter to The Worker I mentioned the I. B. E. W. charm the Local presented to Brother Smith. Since that time we presented our former Business Agent, Brother John H. Dugan, the same in appreciation of his services to Local No. 99. It was quite a pleasant surprise to Brother Dugan. We tried every way possible to get his goat before the presentation, but he ducked the issue and refused absolutely to fall into the trap until one of the brothers tried to intercede in Brother Dugan's behalf by trying to apologize for him. Then the fireworks started. Finally Brother Lord succeeded in eulogizing Brother Dugan's efforts in the labor movement, also his contentious work as Business Agent for Local No. 99, and presented the charm amid the applause of the brothers.

We have still another I. B. E. W. charm waiting patiently to be presented to a very deserving brother. He is not in our Local fold at present, but when this chicken does come home to roost he will be accorded a warm reception.

I don't believe there is any such thing as graft in the service, but I think some of our brothers have made such an exceptionally good record they may not be discharged for some time to come. Sergeant McGarry has not had a chance to put a shot across No Man's Land, so he has been trying to take a slam at his old college chum, Smith. Smith is loaded to the hilt with ammunition, and the battle of sarcasm and wit continues.

The Heart gang are greatly annoyed by the long and persistent absence of Brother Thurston. Has he got cold feet? If he should read this, he may take a notion to inform the gang on this subject.

Brother George Whittaker has opened the LaFrance restaurant and is making good. Has Whit got anything in the ice box? Some one saw a couple of undressed chickens in there. Whit always was a bit partial to chickens.

Fraternally yours,

Press Secretary.

Well, Brothers, I guess you would like to know how we are getting along in this part of the country. Some have the influenza, some game Bolsheviks; have the good old summer time almost with us again. Well we have a raise in per capita to the I. O. It is true that everything has gone up and Brothers just think of the ones I. O. carried that went to war and also the deaths from influenza. It would make a big change in the expense account at the I. O. So let every local do as they see fit and best. If you want more money you can't get it for nothing.

Just a few lines in regard to the jurisdiction of the steam engineers. They have awakened I guess, but it is a case that the Brotherhood should fight to a finish. I don't see how the A. F. of L. can give jurisdiction unless it was grafted them some way here, for one will say it belongs to the I. B. E. W. and yes keep it.

We lost our president last meeting night and also our vice president. Both went out over a traveler to the sand hills of Oklahoma. Good luck to both of them wherever they go. I expect to see a big bunch at the next meeting as we have some offices to be filled then. We have so many that sometimes I think we will have to get a smaller hall to meet in, but right now the boys want more money and they turn out pretty good.

Well I will bring this to a close, hoping this will not get in the waste basket. I will remain with best wishes for I. B. E. W.

Will throw in the switch and let you hear from Local No. 129, as we are still on the map with plenty of work for all and everything looks bright for a good summer. Our wage scale and agreement was up for renewal, and after much wrangling it was finally agreed to leave it up to a government mediator by both employer and employee, and his decision was finally given out being 77½ cents for journeymen, an increase of 12½ cents per hour. Editor:

We have just read with interest one of the editorials in the March Worker entitled, "The Seattle Fiasco", in which we heartily agree with the writer. It seems

to be a detrimental idea of some of the self-styled boosters of the labor movement, that the height of their ambition is to start some kind of disorder from a local controversy to a general strike. And if not successful in their first onslaught they fly away to parts unknown and seem to feel that their slates are cleared ready for new calculations. And the burden of the trouble that they may have stirred up is left for the "home-guards" or the international officials. Possibly they would gather a little consolation from the verse:

"He who fights and runs away
May live to fight another day;
But he who fights and in battle slain,
May never live to fight again."

The spirit that we should feel at this time is summed up in a few words by one of our greatest Americans, "Don't rock the boat," as there is trouble, strife and strikes from all parts of the world. The north pole and possibly a few other isolated places are exceptions. We are receiving calls repeatedly for aid from many different parts of our good old U. S. A. And with our limited treasury we can only share good will with a lot of them and that does not go far on the price of beans. Instead of this class of agitation that has been delivered by Leonovitch Butouski in the Pacific north west, we need a national board who can work out solutions for these grievances other than the starvation plan.

N. I. Sommers,
Press Secretary.

L. U. NO. 162, KANSAS CITY, MO.

Editor:

In hopes of remaining in the good graces of the Brothers and by keeping faith with my office, I am sending you a few lines, not so much for their editorial possibilities, but that No. 162 may keep in touch with yourself and the various locals through our family journal, which we consider the clearing house of our craft and look forward to its coming that we may read and understand the conditions as they exist in the various parts of the country and which as a majority may be an incentive to remain at home for our boys are all working and going strong for their jobs and the local.

WE ARE GOING STRONG! for we are having dandy attendance at our meetings and the boys all seem interested. I am somewhat inclined to believe the dollar fine for continued non-attendance is partially entitled to credit for the showing, but nevertheless they are there and on the job, bringing in their petitions and performing the many offices of the order.

We are all interested in the meeting of the War Labor Board Monday the 14th and hope they will come across with some of that stuff that buys Liberty Bonds and pays income taxes. Of course we know that the railroads have "one foot in the grave and the other on a banana peel" and that 85 cents is a terrible request to be making; but, regardless of these facts we are all interested in local industry and consider the future looks brighter with some of the "filthy lucre" headed in our direction in addition to the present advances.

Several of our boys have returned from the army and navy and things are beginning to look like they did before "Bill Hohenzollern" tried to short circuit the rest of the world.

Brother Ray Salsman, previously connected with the Terminal Company is back from the Naval Electrical school at Norfolk and brings credentials showing he has done his share to assist Uncle Sam to teach democracy to the kaiser and his herd.

At our last meeting we had with us Brother Smith, business manager of Local

No. 795 of Chicago, a Pullman local, who was here to look over the Kansas City situation and ascertain with whom the Pullman boys here were affiliated with and to make plain to all interested that their local was one ever-present thing with a Pullman name that the Pullman Company does not run or did not originate and no doubt the Pullman boys connected with our local are encouraged by the success of their Brothers at Chicago and are the more determined that although "It's Rhubarb Time in Russia" they cannot "Bolsheviki" us.

The question of a proposed strike of telephone and telegraph men was balloted upon and ballot shows this local in favor of a general strike should the management refuse to establish proper machinery for dealing with the relations of employer and employee.

Financial assistance was rendered to Local No. 69 of Dallas, Texas for strike purposes.

Fraternally yours,

Well I suppose the Brotherhood is wondering what has happened to the Press Secretary of L. U. No. 188, but here he is on the job again, after not getting anything in the Worker last month.

We are working hard to get every line-man in the Union. We have now about forty members, and when we can get them all in and make a drive, we can all drive together.

There is a good bit of work now going on in Charleston. No news of any interest so will try to do better for the next time. Hoping this will get in in time for printing.

Wishing all of the Brotherhood much success, I remain,

Well boys Spring has come. Yes the regular good old fashioned Spring, at least it is with us at the time of this writing. Spring which always makes a young man's fancy turn to base ball and "Bock Beer" sins. The latter being so conspicuous with its absence at present. Some tell us we will see it again "nevermore". God forbid. I can't appreciate good old Cincy completely dry. Almost one of the impossibles. Let us hope dear Brothers that some great mistake has been made. I fear the worst of it is true. This has been tried out years previous with no good results. The following incident will bear me out:

It was the year 1503 and the Drys had won in Poland. The taverns were closed and the "blind tigers" flourished. Copernicus went into an alley wherein was established a "blind tiger." Copernicus quaffed deeply from the flagon of mixed shellac and wood alcohol tendered him in exchange for his coin. Then Copernicus staggered out into the street and gazed around in a dazed way.

"Eureka"! exclaimed Copernicus, "The sun remains in a fixed position, but the world is going around. This discovery will make me famous!"

I can picture a Copernicus on every corner of our wonderful city. Just imagine how many will be occupying sidewalk space in front of the old favorite haunts on Vine Street, (at one time known as our "Great White Way") each relating some recent discovery which will undoubtedly make him famous.

We are not rushed with work our way at present—no big jobs starting and small work could not survive the shock of the Great

World War. The only big work going on at present has been under way for some time and in many cases "finis" is looked for on the pay envelope mostly any time.

Really the only craft who are busy right now is the Elevator Constructor (Jack of all trades). They undoubtedly will have quite enough to do for some time to come.

We have turned over to them recently the entire completion of our pompous Court House, but since they have in the past so readily acquired knowledge and ability to install electrical steam and plumbing equipment, we have no idea that they will be unable to handle the work of all other trades which still remains unfinished.

The fact that they both locally and internationally refused to abide by the decision of the A. F. of L. "Electrical work for Electrical Workers" have got them in very bad shape with all other mechanics here. Their resignation to the Cincinnati B. T. Council was solicited and accepted. Later the Court House job was struck and remains so to date. We can not see a very bright future for the Elevator Constructor if he continues along his present lines. Our committee will wait on them at an early date to ascertain which they will prefer, music or flowers.

Our boys are gradually getting back with us again after the little fuss they had "Over There" trying to explain to a crippled idiot and his subjects just what Kultur meant. Out of the 53 boys we give up only two that we know of will not return. They being Brother R. Blackham and Brother Wm. Bierhorst, both being officially declared as having been killed in action. I am more than sorry that their death notices failed to appear in the Worker at an earlier date. I fully appreciate the vast amount of work connected with our I. O. which possibly accounts for the oversight.

Brother James Quinn, a pioneer settler of Rittenhouse Street has obeyed Horace Greeley's advise "Go West young man go West".

It was recently reported that Jimmey was seen on board a moving van making its way toward Laurel Street.

Hoping our delinquency in contributing to the Worker lately was unnoticeable, we will wish you all good luck for May 1st, and we may do better in the future.

Fraternally yours,

L. U. No. 212.

L. U. NO. 225, NORWICH, CT.

Editor:

Well it has been a long time since the Worker has had anything in it from Local Union No. 225 of Norwich, and it is about time the press secretary got busy and used a little ink.

Well we are still on earth, and at present doing quite a stroke of business. We have had a good year the past one. It has been our best year. We have taken in quite a number of members by initiation, also quite a few by card. These have mostly returned to their respective locals.

Work has been good the past year, and most of the Brothers have been kept busy, out of a membership of ninety-eight members.

We feel that we have been successful in one way, by lowering our entrance fee to \$5.00, so as to attract the outsiders, who in many cases can see no more value in a union card than five hundred pennies. Our fee today stands at \$25.00.

In the other way that we hope to be successful is that we have placed a business agent in the field, and we will say to all Brothers drifting this way, that you are liable to a holdup before going to work, until you have paid a visit to our little sawed off spider, for he will always be on the job.

We have the juicers all together with the exception of a few, a job for our business

agent. He is an expert at catching long tail animals.

A year ago we were getting \$3.50 for eight hours work. Now we are pulling down \$5.00 as a minimum, with all overtime doubletime. Some of the boys are being paid as high as 80 cents per hour.

There are many men today in this world, who do not know the difference between card men and union men. Have you ever stopped to think Brothers what the result would be if we were all union men?

Labor stands today as its own worse enemy, especially when the rank and file split to all corners, union labor must be taught the meaning of the word union, before they can make any satisfactory progress. Remember Brothers "Labor invalids are as respectable as War invalids."

Local Union No. 225 has one Brother in James P. Donnelly, the oldest union member who is a union man through and through. Brother Donnelly is a charter member, and has been a union man for quite a few years, standing for the principals of unionism. His smiling face is always at the meetings and he is a willing and ready worker. He holds a responsible position with the Shore Line Electric Railroads.

Quite a few of the boys have returned from service, and their regret is that they could not have hung the Kaiser up by the heels. Brothers Geo. Sanders, Roy Crawford, Adrian Pierce, Horace Corning and many others whose names have escaped the mind of the writer at present.

Brother Ray Clark's usual soft voice is always welcome at the meetings.

Brother Thomas Sheehan has also returned from his late home in the briny deep, wearing a new hat. It would have been a good place for Tom if he had not weakened.

Brother James McGrory is once again with us from the Whale Tower Navy where he was in command of Two Dory's. We are all sorry Jim that you could not bring to Norwich what belonged to you.

A pleasant accident befell our president Brother Pierce last night. He fell into a deep slumber, and awoke the next morning much refreshed from his adventure.

Brothers the time is now here when we must line up against the Fifth Liberty Loan. A Liberty Bond is a credential to patriotism, without which an individual has no right to claim the right of an American, don't forget this Brothers especially the little donation which follows:

SUPPOSE.

Suppose the huns had
Won the war and the
Kaiser was coming over
To Washington in the Vaterland boat
To tell us what's what.

And suppose that man
Hindenburg was head of
Our army and Bertha
Krupp was going to take
Charlie Schwab's place.

And suppose Ludendorff was
Head of West Point and the
Clown Quince was king of
This new german colony.

And suppose Bernstoff was
President of Harvard and
Von Moltke had Lansings job and
Schmidtabrefelfritz Mutt.

Was boss of something or other
And you and I had to
Take off our hats and salute
To the raft of the baby-killers the
Rest of our natural lives.

Oh! boy isn't it a grand and glorious
feeling to know it isn't so, and what's
the matter with our Fifth Liberty
Loan. Let us make a clean sweep of it.

Trusting you will find space for this letter, and wishing success to the International Officers, also each individual local in the I. B. E. W. I am

L. U. NO. 226, TOPEKA, KANSAS.

Editor:

I noticed that two other locals of Topeka had a communication in the Worker last month, but none from No. 226. While I am Press Secretary, still my weekly contributions to the Kansas Trades Unionist ought to be sufficient for me, especially as an assistant was appointed to take care of this work. So far my assistant seems to take no interest in this matter. He fails to function and like every other union a few contribute nothing but their dues to the cause.

Since my last epistle a new organization has been formed in this city, making five in all. The latest addition is the Local Union of the General Office Employees of the S. M. Bell. This is a young and vigorous organization and growing rapidly. It will be a credit to the I. B. E. M. family.

At present Mother Bell is showing unusual regard for her own interests and her usual disregard for the rights of others. She evidently had her spies, spotters, or "loyal" employees at one of our meetings. For our organization meeting was known to the officials and Mother's straw-bosses got busy with our new members and harassed and intimidated them as much as possible and then promised raises and special favors to those who would stay out of this terrible labor union. And at the close of this their perfect day of verifying us who were attempting to favor this union, one of the members, Miss Charlotte Keller was dismissed without warning. This is how Mother Bell loves her own interests first, while claiming to "love only her children."

When justice in our native land is sought against "Mother Bell" we are hampered by the fact that the Bell is a part of the U. S. government and to resist is unlawful, while its officers may discriminate against our Brothers and Sisters with impunity and even our I. O. is helpless to assist.

If ever there was a cause or excuse for I. W. W. (in which there is not) then our telephone administration in its delays, is evident hatred of organized labor, its evident injustice to every interest except only the Bell, would be that cause.

If we are to down Bolshevism, radicalism, I. W. W.'s and kindred vices, we should take the fathers and generators of some of this class hatred, the I. W. W.'s and the radicals of the employing class.

If ever an uprising comes in our land it will be engendered by such tactics as are followed by our postoffice department.

Work for the inside electrical workers in Topeka is dead. Most all the other building trades are on strike for higher wages, so new building is at stand still. This will be rather of a sad reception for our returning soldier boys and comes after months of slack work. But we are planning to give the returned heroes the best time we can on their arrival.

I am in hopes that the referendum carrying increased per capita is adopted as cheap organizations are handicapped.

Editor:

Just a few lines from L. U. No 240 to let the Brotherhood know that we are still living and holding meetings ever second and fourth Thursday nights of each month. At our election of officers for 1919, the following Brothers were elected.

President—Robt. Burtner.

Vice-President—Chester Offelt.

Recording Secretary—W. C. Stevens.

Financial Secretary—Max Oldenburg.

Trustees—Chas. Erdman and Roy Litz.

Inspector—Louis Elfers.

Foreman—Robt. Smith.

Work in and around here does not look like it would be plentiful, but we are looking forth to a brighter future. Running from Muscatine to Burlington, Iowa, is a little railroad, 65 miles long, which will be electrified before many more moon's shines, without a doubt. The writer noted in February Worker that L. U. No. 12 has had signs of prosperity smile upon it. Go to it No. 12 for my heart is with you, as I am a past member of past L. U. No. 12 in the days when we thought we had a big meeting with twenty members present.

With due respect to the entire Brotherhood and good wishes to all Local Unions, I will pull the pin before some Brother calls me for being out of order.

Fraternally yours,

Press Secretary.

Just a few words from Local No. 243, to let the membership at large know something of the conditions in Savannah and vicinity. Don't spend money for railroad fare to come here and expect to land plenty of work, because it is not here. We have men on the blocks now from the shipyards. We have about six brothers out of work. But we hope to get an agreement with the Savannah Electrical Company. If we do, we will be able to take care of a few good A. No. 1 union men.

Our Financial Secretary, Brother G. T. Roberson, is A No. 1. All you have to do is to ring him up (if it is 2 o'clock in the morning) and tell him that you want to pay a month's dues, and he will walk two or three miles to get it. Some of the boys seem to think that he is a Jew, but I don't. He wants to see our little Local 100 per cent strong, and it is getting stronger every day by his good work. He says the only objection that he has to his job is that we don't have to pay our dues weekly instead of monthly.

The Georgia Federation of Labor is to hold its convention in Brunswick, Ga., some time soon, and we are sending a delegate there, as we think it is a very good thing to do. We are sending one of our best brothers there, Brother L. L. McWatty, as the delegate.

I suppose that I had better get off of the wire, as the line is busy.

Fraternally,

L. U. NO. 258, PROVIDENCE, R. I.

Editor:

Again I take the pleasure of writing a few lines to The Worker, to let you know that Local No. 258 is alive and still in the fight for rights, not only for ourselves, but every other organized worker. I am very sorry to say that we are living in a state where there is a big difference between the citizens of the state of Rhode Island, because they are classed in three different classes, as first, second and third class. The first class are real estate voters, the

second are personal property voters; and last, but not least, the third class are poll tax voters, and do not have the privilege of a full vote on all the political officers of the state or the city government. But, thanks to the good and faithful work of organized workers of the state of Rhode Island, for they are making one of the best fights for the rights of mankind in the state of Rhode Island that has ever been seen or heard of in these parts.

Again, I am sorry to say that the roof of the state house is covering one of the most powerful political rings or machines that has ever been heard of, for when the property qualification bill was presented to the senate for a hearing, the chairman of the senate issued an order to prohibit the citizens of the state a right to go upon the floor of the senate to say one word in regard to their rights as citizens as property qualification or select citizens. But with the help of God and good patience the labor organizations of the state will remove the great injustice that is done to some of the citizens of the state of Rhode Island, for the soldiers were good enough to fight for democracy and rights, but they are denied the right to a full vote. Just think it over, and then see if you are glad that you are living where you are, and not in Rhode Island. But time changes things, so let's hope that this big question will change.

I was very glad to read over the March issue of The Journal and see that one of our neighbors, Local No. 99, has come to life, and showing that it has by having a letter in the Worker. For everyone knows that they are good union brothers and good, sincere workers for labor's cause for mankind.

I am going to take the pleasure of asking through The Worker, what is the cause of not hearing a word or more from the Press Secretary of Local No. 516, for I know that it would be very interesting to the brothers of the I. B. E. W. to hear of the progress and good work that the Local has done and how they have increased their membership.

I am going to blow our own horn now and state that we are getting along very nicely and that the officers are right up to the minute and always on the job at all times, for our delegates to the New England District Council in Boston are present at every roll call, so that the members of Local No. 258 are always wised up to everything that is going on in the New England district. I wish to state that we have changed our meeting place or hall from 72 to 152 Waybosett street, so it is plain to be seen that we are improving somewhat (for the old saying is that a new broom always sweeps clean). So the brothers are taking notice of the improvements that the new officers are trying to make, so as to make things interesting for them. I also wish to state that the By-Laws Committee has drawn up a new set of by-laws for the Local, and I wish to state that they are a great improvement over the old by-laws of the Local.

Regards to the Entertainment Committee. I would like to state that they are still alive after the smoker held on March 4, 1919, for it was a great success and everyone was well pleased, hoping that there would be more just like it; but if the place goes dry, good-night.

I guess that it is about time that I hung up the receiver, for if I don't I will be overcharged for using the line too long and also burning the electric light. Wishing your Locals good luck and all the members the best of health, I remain,

Yours truly and fraternally,

Fred J. Bayha,
Recording Secretary and Press Secretary.

Local No. 269 during the past month returned to work after a strike lasting six weeks, which started with the dollar per idea. While landing the almighty was an utter failure, a raise of seven cents was settled upon. The strike to an extent brought the contractors in closer touch with each other, and it looked for the time that it would work out to the advantage in bringing them better prices and easier working conditions for the men. This, however, proved to be an empty dream, as shown in the bids just opened for the work to be done to honor the home-coming soldiers, which ranged from \$1,100 to \$350 on one job.

Work in this jurisdiction is very slack, there being little or no new work going up, and several men out of employment or working at other work. However, there are considerable alterations going on which are taking care of a few men. Several big jobs are threatening, including a million dollar hotel and a large theater, several apartment houses, the renovation of the largest theater in the city and the city work for the soldiers, but at present they are only to be locked forward to.

Organized Edward Kloster was of great assistance during the strike trouble and No. 269 wishes to thank the I. O. for this. He was given a vote of thanks for this himself, but he said he had several trunks full of these, and they were not worth a

An effort will be made by this Local to appear regularly in *The Worker*. As this is the first contribution from the undersigned you will be asked to bear up with us for a while, as we promise to do better in the future. Lester Dunn,

L. U. NO. 407, QUINCY, MASS.

Editor:

A year has just elapsed since Local No. 407, came into existence and it has been a very successful one. Membership from both yards—Fore River and Squantum—has been kept right up to the limit, as soon as a new man came on the job, one—and sometimes more—of our ever alert committeemen had an application card ready for him to sign.

We have been very lucky too, as regards the type of men coming on the job, it required no persuasion to get them to join. That fact speaks for itself, and proves beyond a doubt that the average citizen of today realizes what unity of labor stands for.

To commemorate the natal day of Local No. 407, a banquet was held at the "Quincy House" Boston on Saturday evening, March 15th. The committee responsible for the smooth working of the celebration was appointed by our president, J. E. Sherry, and judging by results he made a good selection. They were Brothers Keeler, O'Brien, and Barnes of the Gore River Plant and Bros. Gray, Wade, and Grawley of the Squantum Plant.

The guest of honor was International Organizer Brother C. D. Keaveney, who, from the inception of Local No. 407, worked hard to organize it into a good smooth working body. Too much cannot be said about the life and energy infused into this Local by the efforts of Brother Keaveney. To say that he was the real backbone on which the structure was formed is putting it mildly.

Brother Gray as toastmaster started things moving by introducing Brother Keaveney, surprising him with the presentation of a traveling bag, as a token of the good will and esteem of the members.

Brother Keaveney made a suitable reply touching on the birth of the Local and leading up to present times, he remarked on the wonderful strides labor has made, and the unity of action which seems to be evident on every side between the employer and employee. He stated that the days of strikes are drawing to a close, and that disputes in future would be settled in a more business-like manner; namely via the arbitration route around the table, the spirit of fair play and justice predominating. Brother Keaveney closed his remarks amidst rounds of applause.

The next speaker was Brother D. Keblin, Secretary Pittsburg Metal Trades Association, who was accorded a warm reception, followed by M. Sargent, foreman E. Dept., Fore River Yard. His remarks were received with approval, as they echoed the prevailing sentiment of fair play on both sides. He gave the Crane Operators credit for the showing they have made in so short a time. Messrs. Goodwin, Ferry and Evans, of the Squantum Plant also made a few remarks, which were much appreciated. Our own old favorite, Brother Jos. Q. O'Brien was also called upon for a speech. He responded in his usual bright manner, and upheld the honor of the Local by his straightforwardness.

The remainder of the entertainment was given over to singing by some of our own talent, supplemented by professionals. Two features of the program are worthy of special mention, as they show the acumen and activity of the committee in being able to procure such high class talent. One was a Salvation Army Lassie who told some very interesting stories of her own and friends' activities at the front. The audience thoroughly enjoyed her stories which were told with a snap. One in particular relating to the meeting she had with a friend in a wooded section of the country, caused quite an outburst of laughter. The friend apparently was a great student of nature and in no mood for walking, knowing this she walked him several miles in the direction of her lines, away from his own, until he had completely forgotten what he came out to seek. Leaving him with the remark, "The best of friends must part," she entered her camp, while he—well she left us to imagine his feelings hiking back on his lonesome. The feature of the evening, however, was a classical dancing act.

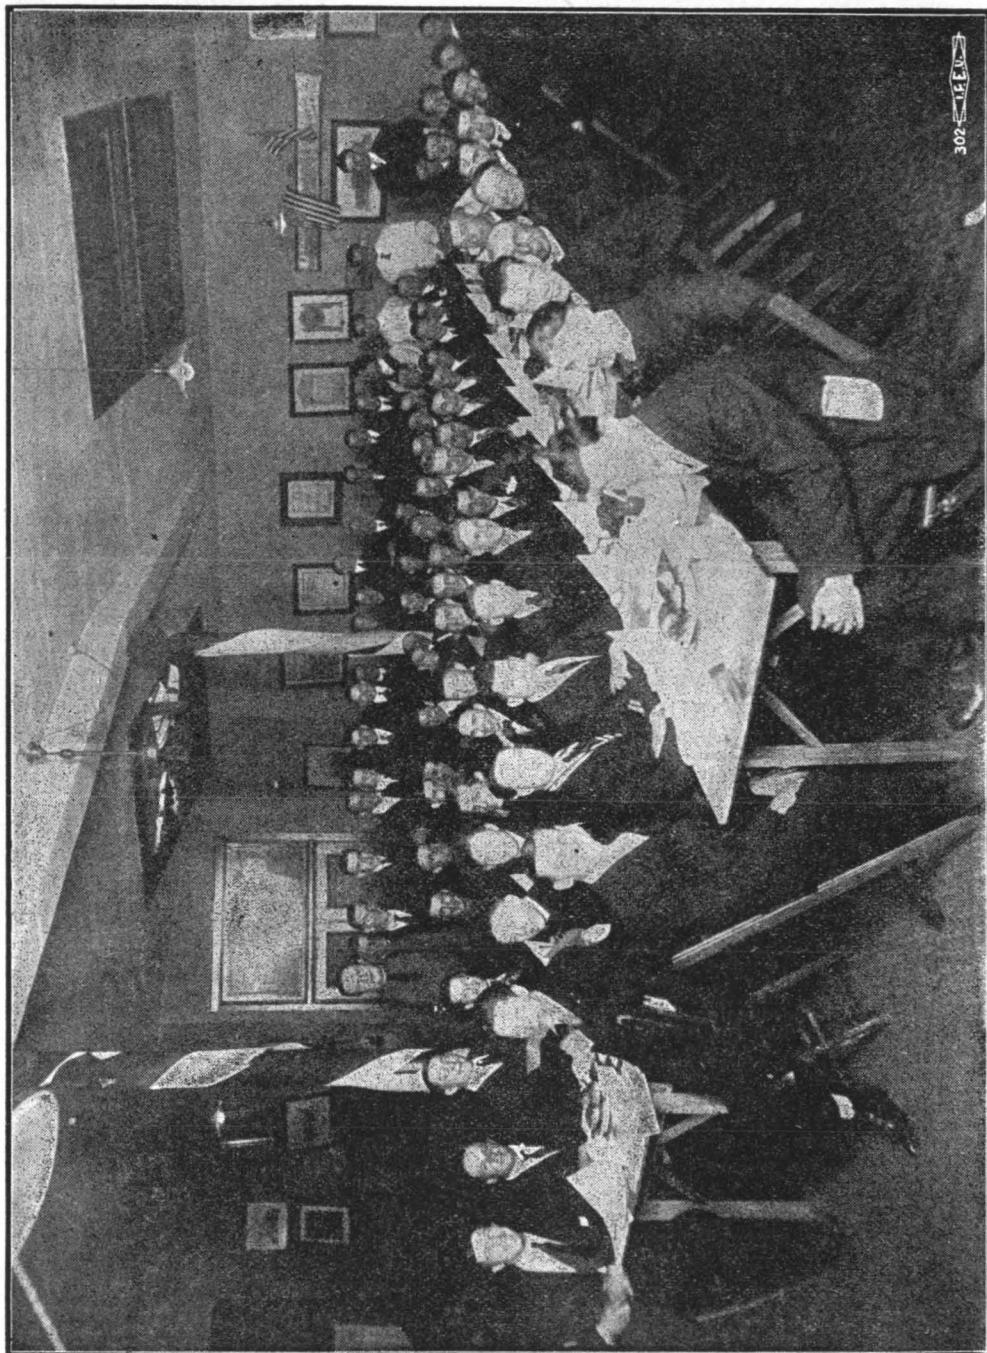

The artist was perfection herself, and the audience seemed to be no mean judges of the art themselves, judging by the close attention bestowed on the performer. The perfect grace with which she performed the various figures gave evidence of a lesson well learned. She was very heartily encored, but did not return, as sad to relate, her gown had been torn in one of the figures and as she positively affirmed to the call boy, Brother Keeler, "I am afraid it would drop off if I ventured back on the floor again, so you will please excuse me."

That was the end of a perfect day, and a perfect dance, but we trust we will see more of her at the next banquet, the committee having made a special note of her address by request. That we had a pleasant time you can judge by a remark I heard from one of our Brothers residing in Concordia Sunday School teacher, by the way—"It was the finest and cleanest time I ever enjoyed outside of a church social."

I trust this letter will not bore your readers, but as this is my first attempt to take the floor on behalf of Local No. 407, I thought I might take a chance and go the limit.

Yours Fraternally,

W. G. Conner,
Press Sec'y.

L. U. NO. 439, AKRON, OHIO.

Editor:

I am sorry that I was late in getting in my last letter for the Journal, but I suppose we all can't be perfect, and we have to be late some times.

Brother Raymond Cleary was in here, and done lots of organizing, lined up all the operators, and expects to have a good wage agreement with the N. O. T., of course, it is a hard company to meet.

But we are affiliated with the street car men, and if they don't pay the linemen what they ask for, the street car men will not sign up their agreement. As No. 178 of Canton, Ohio, also is loyal Brothers of No. 439, both locals going together, with both locals of street car men, sign both or none.

Also Brother Joe Alberts, one of our worthy Brothers had the misfortune of losing his wife in March, the members of No. 439 mourns the loss of Brother Alberts' wife.

Still the Firestone is hiring union men. But as fast as they hire the non-union men, we organize them. If No. 439 don't get them, No. 220 will. No. 220 has all the contractors signed up but a few.

The first class men all get 68 cents per hour and 10 per cent bonus. Of course all Local men are first class. We are going to ask them to cut the bonus out, and pay straight time, \$3.78 for 8½ hours; off Saturday noon. We get time and a half for all overtime, and double time for Sunday and holidays. We also have a few ex-Brothers out of No. 220 dropped their \$100 card, thinking the Firestone was the only job in the country, claiming a No. 220 card is no good anywhere.

I think a card does not hold a man's job, it is what he can do. If a man cannot do the work, card or no card, we respect the card a long ways.

I will close the circuit, hoping this will not reach the waste basket.

Respectfully yours, C. L. Opp,
Box 566, Kenmore, Ohio.

L. U. NO. 445, BATTLE CREEK, MICH.

Editor:

As I stated in my last letter to you, we the members of Local I. B. E. W. No. 445, were at that time expecting closed shops in Battle Creek. I am glad to say that our hopes have been greatly gratified.

Our committee on closed shops must be extended a unanimous vote of thanks for what they have done thus far. They have succeeded in closing three of the five contracting concerns in Battle Creek.

The remaining two proved stubborn and inclined to see things in an entirely different light, but the brothers working for these concerns, and both were organized nearly to the man, called a walk out Thursday noon March 19. This has finally got the contractors to thinking and at last reports they were asking for a consultation with the men. It is now believed by all that the next few days will see Battle Creek with nothing but closed contracting shops and that the near future will see Power Companies and Telephone companies on the same basis.

The linemen of this town are at the present strong enough, about 99 per cent organized, to bring things their way with but little resistance, this being the general opinion.

Each meeting brings us from one to six new applications, as well as from one to a dozen initiations. This rate is going to leave us with the town fully organized within a very short time, unless the Electrical Workers start swarming in during the summer months for the several large jobs that are going to be put over during that time. At that they will have to get

in line or they don't get the jobs, for the people are beginning to fall in with us and demand Union Labor, and other classes of organized labor have refused to work on a job with scab help of any kind.

Enclosing under separate cover photograph for your attention as well as that of the brothers at large. The following paragraphs will explain to you in a very slight way the fine time that was enjoyed by all present at this lay out.

On March 20th Battle Creek, L. U. No. 445 held an open meeting for all Electrical Workers of the city regardless of their being members of the L. U. This being the principal reason for the open meeting, as we wished to get together all those who did not belong to the organization especially Maintenance Men. We had exceptionally good luck in this respect and succeeded in getting several new applications.

To start things off, the circuit was closed, accompanied by a flash and a dull report, caused by the photographers Electric Flash outfit, and we were all shot as you will see from the accompanying photo. A very acceptable feed was then set before all those present and everybody done justice to same, and expressed their gratitude to the entertainment committee for the fine supper.

This was followed by a very appropriate speech by Mr. Wm. Reynolds, a prominent personage in social circles on Organized Labor. He emphasized the fact that it could no longer be a case of Per-capita working man and his employer, but the time had come for Per-pocketa for the working man.

The remainder of the program was made up principally of local brothers giving little speeches, also several very fine piano selections were rendered. Brother M. H. Patten organizer of the District Council, and a member of L. U. No. 445 was present and gave a very interesting talk on "The Reasons for Organized Labor." All told the open meeting proved a grand success.

Very truly yours,
J. Fetter,
Press Secretary.

Editor:

Well Brothers I have not much to report just at this time, so it wont take me long to get it out of my system.

We had Brother Goble an organizer from headquarters with us at our last meeting and his talk and advice was very much appreciated. He was here to install the Railway Local and I understand they got away with a flying start. We had most of these boys with us for awhile and was very glad to see them get started by themselves but at the same time hated to lose them as they are a live bunch and we sure wish them success.

At the present time we have a real live committee out trying to get the contractors to sign a new agreement calling for 85 cents per hour and a few minor changes elsewhere and we feel like we will be successful but with the increase we are asking we are still trailing old "High Cost of Living", the committee's personnel is Brothers Ben Baynard, Pat Campbell, E. C. Parker, Mike Wolfe and Business Agent Harry Watson. So you can see why we are so confident.

Business here is not very much at present, but all the boys manage to make enough to keep the wolf from the door. The Contractors tell us, (all crafts) that if we will just rock along at the same old price per hour, that there will be lots of work, but if the builder has to pay 80 cents more per day for labor, he won't build, but \$75.00 conduit and \$12.00 wire is no draw back at all, so you see it is the same old line of "Bull".

Well Brothers keep heads and try to bring electrical work to the top and raise the standard by doing the job right even if it takes a little more time. The "speed merchant" hurts the business for himself and the Contractor also and ninety-nine times out of one hundred lowers the standard of work. The better we make the business the more compensation we can demand and the "jack-leg" will finally be out of the swing.

The trees are green again and the birds are all singing so I suppose a lot of the Brothers will soon be on their way. Here's wishing them a prosperous season.

L. U. NO. 504, MEADVILLE, PA.

Editor:

Last meeting night our Local appointed me to serve as Press Secretary. In behalf of all who read and our Local I shall endeavor to place herein that which shall be of interest.

Our charter members were ten and during the short time we have been at it we have a goodly fifty of co-operators, brothers bound together with a solid determination for the good and welfare of all, 100 per cent strong.

We see great possibilities ahead and are constantly doing. We do not consider only the labor question and its trials; but the upbuild of our stricken brother. For instance, a brother not of our Local being stricken of his eye-sight due to the explosion of an oxy-aceteline outfit is a fair illustration. John Stein working at the Erie R. R. shops was using the torch and due to some irregular cause the good brother was rendered sightless. Now, to show the sympathy of all who might be tender hearted the different contractors, of which our town is well supplied, went together with the help of others to make happy this man. The carpenter contractors furnished the carpenter equipment and carpenter union the labor, the plumbers, the masons, and electricians, all contributed their share. For our part we gave one of our brothers who being unemployed at date, the job of wiring the house at the Locals expense. So a lot was bought and a comfortable home made for a stricken brother.

April 1st, is the time the inside men on contractor's jobs sign up. Thus far we have one good friend who is anxious to see the laboring man have square deal. J. Cook, proprietor of the Union Electric Supply Co., has signed the wage scale of 68 1/4c. Carpenter of the Carpenter Electric Supply Co. and Lamey of Meadville Electric Supply Co. thus far are standing out.

As a result of unfair labor by Lamey a job at the Academy of Music was stopped. The proprietor of the Academy is very fair and wishes to cooperate with us in the wage scale, he being charged \$1.00 per hour. This unfair labor was found by a carpenter of the B. of C. & J. Most of outside labor has organized but none signed up. The Northwestern Railway Co. job has been an open one for the last two years. They were signed up last year, but the job was open. They are expecting that May 1st, the company will sign up with no friction whatever, and switch-board operators, powerhouse construction have been organized to be signed May 1st.

Our business agent, C. A. McGill is doing much good in our whole territory. He is the cause of much good will as well as some ill will with from those contractors who are against us. Our worthy President, J. C. Graham is a well placed man. A man of much esteem and merit. He with all the other officers constitute a very competent assembly to represent the Electrical labor functions of Meadville.

Brother Roy Glenn has been on the sick list for the past four weeks but is improv-

ing. Brother Bruce Hecker has a young electrician. He, of course, is buying books and papers now that the young man may be able to beat his dad.

We are looking forward to and believing that during this and next month there shall be no hardships or strife between our employers and employees. At present we have two contractors who wish to run us out, but he stands a slim chance.

May no harm befall you for time spent reading at this time this letter. Then you will pardon duration and look forward to a more explanatory letter of conditions next month.

Fraternally yours,

W. F. Butterfield,
Press Secretary.

Editor:

Well Local 523 and 41A are still on the map and all are working. Spring work is opening up and this promises to be a busy year for inside men. Contractors say there will be more building this season than the last five years.

Local 523 and 41A have a joint committee, known as the publicity committee, to let the public know the true facts of the telephone question, so if we are forced to strike, the public will know the truth. The first article has appeared in both daily papers and the second is to appear soon.

The girls of 41A gave a party to 523 and the wives. Let me say right here they sure know how to feed. Some entertainers. The girls are doing their best to get 100 per cent strong before the war.

The C. M. and St. P. boys are still with us and from their letters I guess they are a lively bunch (the kind of men we need.)

Very truly yours,
W. S. Gallant, Press Sec.

Just a few words for Local 543 of Charleston. We, the Electrical Workers of Local 543 have a few words to say in this issue of the Journal to let our brothers of other locals know how we are progressing here in Charleston.

We have had so much business to attend to here of late until we have been meeting every Tuesday night instead of every other Tuesday night. And too we have been putting on the second degree initiation, which is of much interest and benefit to the local.

The local electric work of Charleston is slack at present. Some few are out of jobs, but by our help we hope to get them landed on a job soon.

We are still striving to get all of the Charleston Electricians organized, although it's slow after you get down to a certain few. There has been several transports landed here at Charleston's port terminal with boys of thirtieth division. Thousands of glad hearted people gathered on the battery and on piers several hours before the arrival, that they would be sure to witness the arrival and give them a hearty welcome home.

The Electrical Workers of 543 welcome our heroes home and welcome the returning electricians to join us in our organization that we may help them to get jobs, and they help us to better our working conditions. I will dead end for this issue. I am Fraternally yours, B. E. Thomas, P. S. L. O. No. 543 of I. B. E. W., Charleston, S. C.

L. U. NO. 557, MINOT, NO. DAK.

Editor:

Must I head my letter with an apology for Local 557 not having been heard of

through the Worker? Apologies are bad form so we will pass on to something better.

We have been working under strenuous circumstances during the past year. Local 557 consists of eighteen members, three of this number are now in France, and a few of the boys work evenings as motion picture operators, making it impossible for them to attend our meetings regularly. Notwithstanding this fact, during the past year we have purchased three Liberty Bonds, made a few charity donations, and have a good sized bank account to our credit, not so bad for eighteen members.

We have a class of five to be taken into our Local next meeting night, now that the good work has gotten a new start, here is hoping it will continue.

Another encouraging fact is our wage scale has been increased from 60c to 75c per hour. This scale goes into effect March 15th and gives us an incentive to work harder than ever as the 5th Liberty Bond will be out in April.

The officers of Local 557 for this year are as follows: President, Anton C. Olson; Sec. and Treas., T. B. Huff; Trustee, J. C. Jones; Chas. Stevens and Anton C. Olson; Inspector, Oscar Simes; Foreman, Chas. Stevens.

Minot has about ten thousand inhabitants, while not large, it is the most progressive place, for its size, that it has been my pleasure to work in.

There are three Electrical shops here, though I am sorry to say one of them is an unfair shop. One of the owners of this unfair shop, who is a member of our Local, is at present doing his duty in France, and we hope soon after his return home he will put his shop on a fair basis.

Fraternally yours,

A. C. Okow,
Press Sec'y.

I wish to send in a few words for dear old local number 570, in order to let all our brothers know that we are still alive and as good luck has been with us Villa has not abducted us either.

We had a very nice meeting last Tuesday evening and like everything else in this country our boys are beginning to take more interest in our local since we succeeded in showing the Bocks where they got off the band wagon.

Brother Roy Geary, who served our Uncle Sam as lieutenant has returned to us and is now giving the boys a little touch of military life in the army.

Well, at our last meeting all our boys were reported as working regularly, but not over rushed however.

The electrical workers of Tucson have succeeded in making Tucson a closed shop town on a basis of \$7 per day.

All contractors signed our agreement, but we experienced a little disagreement however, with one contractor, but he came around and signed up so to use the old slogan, there was "no harm done."

With best wishes, also don't forget that "The Old Pueblo" (Tucson, Ariz.) is still on the map. We are

L. U. NO. 622, LYNN, MASS.

Editor:

It is with pleasure that I write you these few lines, to let you know that we are up and coming, for although this is my first letter to appear in the columns of The Journal, I sincerely hope and trust

that my articles in the future shall be of such frequency that you may have the pleasure of knowing me well.

The Local of which I am proud to serve as Press Secretary is one of the many Locals formed since the recent strike at the Lynn Electric Company, and as you are aware of the fact that its peaceful settlement was one of the greatest achievements of organized labor.

Too much credit can not be given Charley Baugh and Charles D. Keaveney for the able manner in which they handled the affair, and it was due to their great insight that no disturbance took place, and the strike will go down in history as one of the best conducted and surely the most orderly one that has ever taken place in Lynn.

Our Local is fortunate in having as its officers men who are of the aggressive and progressive type, who were not chosen for their popularity but for their ability to faithfully serve the best interests of all concerned.

We hold our meetings on the first and third Mondays of the month. Our hall is a well appointed and centrally located ledge room, surrounded by the best of environments. Our meetings are well attended and much interest is taken in all things pertaining to the welfare of the Local.

Our officers are:

President—W. Gilchrist.
Vice President—J. Gunn.
Recording Secretary—J. Arnott.
Financial Secretary—J. Peterson.
Trustees—G. Redmond (three years), M. French (two years), M. Markham (one year).

Inspectors—J. Linehan, J. Dunn.

Press Secretary—J. Cashman.

Our Executive Board meets on the second and fourth Mondays of the month and is made up of the following members: Brothers Gilchrist, Gunn, Arnott, Peterson, Redmond, French, Markham, Linehan, Dunn, Cashman, Pike, Huggins, Leslie, Rydon and Duffy.

Since the formation of our Local Brothers Frank Reed and John Shanahan have passed to the great beyond.

At a recent meeting of the Local suitable resolutions were drawn up and a copy sent to the International Office and to the relatives of the bereaved brothers. The charter was ordered to be draped, and out of respect for the memory of the departed brothers all the members of the Local present stood for one minute with bowed heads and offered up a silent prayer.

Fraternally yours,
J. Cashman, P. S.

As we have never had anything in The Worker, I guess some of our brothers and sisters think we are not doing anything. I don't claim we are doing much, but it is not because we don't want to. We have been organized but little over one year. Our brothers in No. 462 think we are getting along nicely.

We have affiliated with the Trades and Labor Assembly of Waycross and expect to affiliate with Georgia State Federation. We hope to have a delegate go to the convention at Brunswick, Ga., in April.

We are working hard to make this year's Labor Day parade better than ever.

Our Local entertained our officers March 12th. Delicious fruit punch was served throughout the evening. There were several members from different organizations present.

Hoping all our brothers and sisters are getting along nicely, I am, fraternally,

Alma Hart.

L. U. NO. 652, LAKE COUNTY, IND.

Editor:

To let you know that we're still on the map, I'll fire you a few facts that may possibly interest the brothers at large. We are going steadily along and adding to our membership each week, so therefore have no just cause for complaint. We are still fighting to keep things as near normal as possible, under existing circumstances.

Will say for the information of the brothers that most of us are keeping busy, with a few spasmodic exceptions here and there. Some few men have changed positions. Our sister local No. 697, has called for several members lately, she being a building trades local and business picking up in her branch of work at this time as there is considerable building going on in the district and expect to have more in the near future, but advise the brothers to stick tight where they are, without first corresponding with our business representative, W. P. Lavin.

All companies are on the 8 hour basis almost without exception and where they are working overtime, get time and one-half.

Brother James Mulholland has been appointed International Organizer for the district. We have recently elected a new executive board of nine members, also twenty-nine men for the examining board of wiremen, shopmen and cramenmen, and the full quota of iron and steel council delegates, as follows: W. P. Levin, Ayers, P. O'Malley, F. J. Morris, Gillespie, R. J. Verhagen, J. Mulholland, H. R. Rogers, Engel and Harkins.

We appreciate very much the lengthy talk from the International representative, Bro. H. H. Broach, Friday, April 4. It was facts and straight from the shoulder, the sum and substance of his talk being "Just criticism is constructive—boost and don't knock your International and Local officers." Possibly some of our sister locals will accept this advice.

Fraternally yours,

F. J. Morris.

L. U. NO. 655, WATERBURY, CONN.

Editor:

Just a few lines to let you know that 655 is still on the map. Business is rather slow around here just now and we have a few brothers loafing. The Christfield Const. Co. have finished their high tension job and that lets a few men out but they are rapidly catching on to some other jobs and by the time warm weather reaches us everybody will be working. Three of the brothers are back from the service. Brother William Daniels from the Navy and Brothers Jack Wallace and Jimmie Bartolini from the Army. We were pretty lucky during the recent Flu epidemic, losing only one member, Brother Arthur Decker, although Local 660 was hit pretty hard, losing among others their hustling Financial Secretary and Business Agent, H. Strickland, a good fellow and a hard worker.

Our officers for the present term are as follows:

President—W. W. Clarke.

Vice President—J. May.

Recording Secretary—W. Halpin.

Financial Secretary—B. Chapin.

Foreman—E. Anderson.

Inspectors—T. Lecompte and J. E. Smith.

Trustees—J. Jerry and A. Baest.

Press Secretary—J. Clarke.

As this is my first offence, I will close now.

Fraternally yours,

L. U. NO. 658, LITTLE ROCK, ARK.

Editor:

The "home guards" of this burg are busy most of the time, but I am afraid if any

of our boomer brothers should blow in they would have to take a John O'Brien out of here. However, if anyone feels like taking a chance by drifting this way we can assure you that you will have a place to doss and scoff while here.

We are anticipating the presentation of a new agreement to take the place of the one we are now working under on July 1. We do not expect any trouble whatever, as the contractors in this little hamlet are all pretty good stiffs.

Brother Grindrod landed in Little Rock a short time ago from Mussel Shoals, where he has been for some time. He said that he decided he had better come home and renew his acquaintance with his better two-thirds or else he might have to get some one to introduce him. Jim's a good fellow, all right, and we hope that his stay with us will be indefinite.

Now that the leaders of all great nations are forming or trying to form a union of nations, we should take heart and strive harder to be 100 per cent strong as electrical workers. There is a big and vital part we can all play in trying to extricate the struggling workers from the entanglement of failure in their efforts to better their conditions. We should be without envy, jealousy and prejudice, then we could be of unlimited help to each other. We could be a powerful exponent of the kind of magnanimity every struggler needs for incentive. If we are not succeeding ourselves in getting the very best, we should be a champion booster for everyone else who has manifested cleverness in any line of endeavor. Cast your bread generously upon the waters, and you will receive more than just a few crumbs of satisfaction and consolation. Play the part of good Samaritan to every fellow worker and you will find yourself immeasurably happy in the role.

A. W. Wright,
Press Secretary.

LOCAL UNION NO. 712.

Editor:

It has been so long since a letter has been published from Local No. 713 that many of the Brotherhood may think we are no longer on the map; but I am pleased to say that we are still here with both feet.

We have passed through a very good year and hope for the best in the coming one. Although reaction has already set in and we have quite a number of the members out of employment at the present writing.

In reading over the referendum on the constitutional amendments, I can not see why any member should have any objections to the passage of them. We are all looking for an advance in our earnings, so we can live decently. The employers, including the farmer, receive more for their commodities, and the Government went so far as to set increased rates upon everything you can think of, except the air we breathe; therefore, it takes more to keep up an organization like ours, as we can see this in the running of our small local office.

We are now in the midst of our great annual work—that is, the negotiating of our new agreements. So far everything looks fine. At the present time I can report Business Agent Brother Schilt, with the assistance of International Organizer Brother E. J. Long, have been successful in securing a new agreement for the panel and switchboard men. The new agreement gives us a forty-four (44) hour week and an increase of fifty (50) per cent in the hourly wage scale, which makes it now 75 cents per hour. I trust each one of the other agreements will come out as successful.

WORKERS AND OPERATORS

467

I or we would like to at this time extend to our brother Local No. 282, especially Business Agent Brother Barrett, for their kind and untiring assistance to us in the support of our union label organization.

While speaking of our label, this seems to be another item our membership always overlooks. In other words, how many times does one look for anything like a label? If they did it would help the shopmen out considerable in both the repair and manufacturing branches of our craft. Our brothers will not let anyone work in their jurisdiction without a paid up ticket. Why should not our label be just as essential? If it is not, we should start immediately and make it so. When Locals are in difficulty they do not hesitate to call upon us for both moral and financial assistance, and I do not think they find us wanting, so why do you not heed our label, whereby not alone the shop men, but the Brotherhood at large will benefit? We can not go out among other crafts to boost our label, as they can not install our apparatus. Therefore, we must make our fight right with our own brothers; and surely if they do not know that there is such a label as the Electrical Workers now, when are we going to wake up and find out there has been one for many years?

Trusting I have not taken up too much space, and hoping for a successful termination of our jurisdictional disputes, I beg to remain,

Fraternally yours,
J. A. Jackson,
Press Secretary.

Just a few lines to let you know that 718 is still in the ring, and as I have just been elected Recording Secretary, thought I had better let all the boys know what progress 718 was making.

The outlook is better now than ever before. Expect to get some new members soon. The result of our election of new officers are as follows:

President—Bros. D. H. Maxey.
Vice President—Bros. Jos. Randolph.
Financial Secretary—Bros. W. A. Lowder.
Recording Secretary—C. Randolph.

Foreman—Bros. D. L. Duncan.
We are expecting some of our boys back soon from across the pond.

Well this is about all I can think of, so I will hang up.

L. U. NO. 774, CINCINNATI, O.

Editor:

The following is a communication which was sent to F. A. Feigert, Secretary-Treas., Interstate Conference Board, I. B. E. W., Youngstown, Ohio. Would like for all local unions especially those objecting to the chartering of Railroad Locals to kindly take note:

F. A. Feigert, Secy.-Treas.
Interstate Conference Board,
Youngstown, Ohio.

Dear Sir and Brother:

Referring to circular letter to all local unions under date March 24, wish to define our position in regard to the matter of Railroad Locals mentioned in last paragraph of your circular letter.

We, Local 774, are chartered as a Railroad Local whose jurisdiction covers the Baltimore and Ohio Railroad (western lines) with headquarters at Cincinnati, Ohio. Wish also to advise that we had the cooperation of L. U. No. 212 of Cincinnati when we organized last July. I think these same conditions exist with every other local on the Baltimore and Ohio R. R. which number five or six, with the exception of one at Baltimore, Ind. There seems to be some objection

on the part of Locals 27 and 28 of that city. I cannot see why there is any objection on the part of Contract Locals, as the percentage of transfers from these locals to the newly chartered Railroad Locals is very small compared to the membership, as in our case, the percentage is about one in fifteen.

For a point of explanation. Prior to the chartering of any Railroad Local on the Baltimore and Ohio R. R., I, myself do not think there were over one hundred organized men on the road, whereas, now, we have a membership in the District Council of approximately six hundred and more coming in every day. Why then, do certain local unions object to losing a few members through transfers, when the Brotherhood, as a whole is benefited to a greater extent than the individual local union is at a loss. The Railroad Locals are getting in new members that heretofore have never had a chance to belong to any organization. We also have had electricians transferred from every other craft under the sun, such as the Machinists, Boilermakers, Pipefitters, and etc., and even to the Blacksmiths. Can you imagine any Contract Local putting forth such effort. Before this time I do not believe any Local Union had even solicited the Baltimore and Ohio R. R., let alone have the entire road almost 100 per cent organized. This includes every branch of the trade, electricians, crane-men, turntable operators, switchboard and dynamo attendants, telephone and telegraph linemen and maintainers and anyone else that comes under our jurisdiction.

As to the question of the interference with the jurisdiction of Building Trades Councils and Local Unions affiliated therewith, I wish in behalf of every member of Local No. 774, and every other local union on the B. and O. R. R., to emphatically impress on the Interstate Conference Board officials and all local union officers, that we do not, and will not at any future time, infringe on any jurisdiction of Building Trades Council for such is not our desire or aim.

Trusting this will explain our position thoroughly, and assuring you our hearty cooperation in the future, I beg to remain,

Yours fraternally,

J. E. Caruthers,

Recording Secy., No. 774.

This matter of objection on the part of some locals seems to be a very serious thing. Now I think this is not justice to the whole-hearted efforts of the officers of Railroad locals. We want unity. Let us have it by giving the other fellow a little show. Hoping to see this in this issue, I am

Editor:

At our last regular meeting of Local Union 802, I was elected Press Secretary, so I am sending on the news to date.

The power and light men have a new schedule in force from February 1st, 1919 to January 31st, 1920 as follows:

General foreman.....	\$155.00 per month
Plant Electrician.....	145.00 per month
Assistant plant electrician	90.00 per month
Arc Light Trimmer.....	130.00 per month
Meter tester	90.00 per month
Line Sub-foreman75 per hour
Linemen70 per hour
Apprentice Linemen—	

First year40 per hour
Second year45 per hour
Third year55 per hour
Four year65 per hour

The inside men are about to enter into an agreement with the local contractors, but to date have not heard whether their schedule was accepted. I will let you know, however, for the next issue.

The work in this district is just normal, and the supply equals the demand at

present. Prospects for the coming season are only fair, but will keep you posted from time to time.

Yours fraternally,
F. G. Wakelin, Press Secretary.

L. U. NO. 817, NEW YORK.

Editor:

Just like the gladiators who fought for Rome, so is Local Union 817 fighting for and protecting the rights of its members. We are having some corking good meetings, lots of "pep" in all of them, each succeeding one better than the last. Some of the boys must have taken a course in public speaking to hear some of them spout. Calhoun, Clay and old Dan Webster had better look to their laurels, because if things continue as they have been, the bones of the great American Triumvirate will be heard to rattle in their graves. There must have been a heavy call for Cushing's Manual in the bookstores of New York, for Parliamentarian Practice has been used with, I could say, great skill in a good many cases. Our Worthy President, Brother Thompson conducts the meetings in a way that they should be conducted, and if he has anything to say, he says it in a way that gets to the point.

Brother Howard Saxe has been so extremely busy with his work on the Grievance Committee that it has been necessary to release him from the duties of Financial Secretary. He has been a diligent worker in that capacity, conscientious in every respect, and tiresome in the discharge of his duties. Great thanks is due him for his energetic work, and much as he hated to quit the post, he was compelled to do so. The position is now occupied by Brother Bill Smith, who has a reputation behind him, also a head on his shoulders, and a good one too. We feel positive that he will fit to a "T" in the chair of the Financial Secretaryship, and besides being a good Financial Secretary, as he will be, he is an excellent good-and-welfare man for the local; not afraid to get up on his feet and talk, and he can do that, for as old King Solomon said, "As an orator, verily, he is there with the berries."

We would welcome a visit from some of the International officers, and on some meeting night if they would look in on us and see how things are going, may be they could give us some good pointers. We feel that we would profit by some good advice and would be glad to listen. Advice given by the old and experienced is of great help to those new in any game. It is something that should never be turned down without giving some thought to it. Of course, some people in this world think they know it all. They always refuse to listen to any kind of advice. Local Union 817 does not know it all, nor does she pretend to, and is willing to hear from some of the old timers how she looks from the outside. So, pay us a call, and we will appreciate it.

Fraternally yours,
C. H. de Santo,
P. A.

L. U. NO. 822, SOUTH CHICAGO.

Editor:

I will let you hear from 822 once more. We are doing fine and are taking in new members every meeting. We had Brother H. H. Broach with us the last meeting and were enlightened on the new amendments. He made a very fine talk and Brother Edw. J. Evans was also with us and also gave us a short talk.

Now that we have put autocracy down in Europe, we must begin at home and wipe out the American Kaisers. Be free workmen and we all know that the best way is to organize. Remember the old motto in

Union there is strength so let us all get together and organized not only in name, but in every thought and action as that is our only chance, and stick to the last ditch and as a quitter never won anything worth while.

With the organization we have at present we should have no trouble in showing the autocrats a very merry time and gain democracy for the workers.

Yours fraternally,
H. O. W. Cowherd,
Press Sec., 822.

L. U. NO. 828, DAYTON, OHIO.

Editor:

Will endeavor to write a few lines to let you and all the Electrical Workers know we are among the workers in our line. Local No. 828 was organized last fall and is strictly a telephone men's local. Owing to the ban on public meetings last winter, we were not able to get up much speed during the early part of our existence, but we have now got our second wind and everybody is working like we all should at all times if we are to get the best results of our organization. In December we received eight applications; in January, six; in February, seven; and in March, ten. And they are still coming. Pretty good for a start, and right here I want to say that the birth, life and successful start of Local No. 828 is due to the consistent effort and personal time spent on this organization by Brother Grant Fink, member of Local No. 82 (inside wiremen), Business Agent for the Building Trades Council and President of the Central Labor Union, all of Dayton. Brother Fink organized our Local, as well as several others in Dayton, and has given us much assistance since then. We have also, on different occasions, had the pleasure of hearing interesting talks by Miss Sullivan, International Representative of the Operators branch of the I. B. E. W., and on March 28 we were treated to a very instructive talk by Brother Broach, International Representative, from Springfield, Ill.

Now, why should we not flourish with such inducements as those at our disposal? We will take this opportunity of again thanking them and want to state here that Local No. 828 has an open door and a warm welcome for any and all of our fellow workers.

We are practically 100 per cent organized in the Ohio State Telephone Company, and there are only a few holding back in the Bell Telephone Company, but think we can make them see the light soon. If they are satisfied the companies will soon be through with them, and if they are not satisfied we will soon have a chance to work on them. We got 'em coming and going.

The writer has had the pleasure of making a couple of trips to Middletown, Ohio, in the last few days with Brother Fink in the interest of the organization, and I will say that Brother Fink has secured several applications for a mixed Local there and has sent for their charter, so by the time this comes to press there will be another Local started off in the Dayton district. The employees of the Telephone Company there are almost all in as charter members. More credit to Fink. He seems to know no limit as to time or distance and is always on the hustle.

Well, I think I have taken up too much space now, and if by any chance this gets in print before it sees the waste basket I may try again soon. As this is my first attempt, I will make no apologies, but will close with best wishes for the I. B. E. W.

Fraternally yours,
H. E. Harrison
Recording Secretary.

L. U. NO. 841, TOPEKA, KAN.

Editor:

We were hoping to have some secrets to divulge this week but as we cannot find any, we will tell a few simple facts.

We had an enjoyable meeting Friday evening, March 28. About 30 members were enthusiastic. Organizer Von Schiriltz was present and made an interesting talk. He spoke in favor of changing the assessment sent to I. O. so as to give it more money, with which to carry on organization work. We think it the thing to do. Give the International Officers money enough to have an organizer in every state of the Union. They are needed and needed badly to handle the different problems that may arise from time to time.

We received an appeal for aid financially from Dallas, Texas Linemen and responded with a pass-the-hat donation of \$7.55. Go to it boys. We hope you may win. We are for you heart and soul to the finish.

Brother E. D. Norris was initiated into the mysteries of the I. B. E. W. last Friday night. We know you are a good union man Brother Norris and we all extend the glad hand of fellowship.

Brother Walter Price had a pleasant surprise for us the first meeting night in March. He received our by-laws from the I. O. which had been approved and under which we are now working.

All the boys are on the job at present. The "flu." has left us, we hope for good. We are glad that we can make a report like this.

With best regards for everybody, I remain,

Yours Fraternally,

H. N. Lower,
Press Secretary.

Editor:

As Local No. 868 has been on the map three months, and its charter closed since February 10th, 1919, I think it's about time you hear from us. I am not Press Secretary but will do my best. Local No. 868 was organized on December 19th, 1918 by our faithful Brother, Mr. Frank Swor, as The Power House Men's Local. It includes Engineers, Electricians, Switchboard Operators, Boiler Room Foremen and General Helpers. If our present enthusiasm keeps up we will set a pace for some of the older locals. We meet every second and fourth Monday evening at Local No. 130 Hall, 715 Union street.

Following officers have been elected for the year of 1919:

John Hein—President.

D. R. Feran—Vice-President.

A. J. Pupuy—Financial Secretary, No. 4010 Bienville St.

T. E. Gernon—Recording Secretary.

Harry Belthomew—Treasurer.

F. J. Scither—Foreman.

C. M. Hamann and Chas. Hanner—Inspectors.

W. Jacobs, Chas. Holland and J. P. Herbert—Trustees.

Jos. Heier—Press Secretary.

As we are a new organization and not working under any agreement as yet we have a scale under consideration, and hope to be able to report something definite next month. We are One Hundred (100) per cent strong at present.

If this succeeds in getting into print you will hear from us again in the next issue of the Journal.

With best wishes to the Brotherhood,

L. U. NO. 880, PITTSBURG, PA.

Editor:

Just a few lines to let you know that Local 880 has just closed a banner month, a Red Letter month in regards to securing new members and are working hard to set a record for the other crafts in the A. F. of L. to come up to. We have the high honor of being the first to get organized through the efforts of the A. F. of L. to organize the Iron and Steel Workers in the Pittsburg district. So why should we not set the pace for others to follow. The I. B. E. W. has come first and must remain first. But we must have the cooperation of every member, all must put their shoulders to the wheel and push. Let every member put forth his best efforts to bring in at least one new member.

We have just begun, have just had a taste of how mean some of the people in this little world really are. Namely the discharging of men for belonging to a Labor Organization. The writer has lost his job after working for the one firm forty-five months, of course the pleaded "lack of business" compels us to reduce our working forces. Well take it from me that the spirit was not crushed so easy. Having always been a firm believer in this that "Congress shall make no laws abridging the freedom of speech or of the press," I am not radical but know and hope that everybody knows that I am not so easily bullied and bluffed. They closed one door on me and there has been at least six others opened up. Let no man say "I can't". Let us all pull the one way for the man that carries his card. Having got off the track a bit, will now get back. We want to thank Brother Brush of Local No. 5, Pittsburg, Pa., for his very valuable help that he has given us, in putting through the largest class of members. Also for the talks he gave us, which was sure a big help to all of us young heads. We stand ready to return him any help he may ask. We have had the honor of having Brother Kloster at our meetings, and last night had the Father of the Local, Brother Bennett. We were all glad to see him, as we are all for Bennett, sure some grand fair fighter. He gave us such a good talk, why you could of heard a pin drop. Everybody was all attention. We like to have him at our meetings. He has that plain way of talking, that sure does hit the spot. We look up to him as a son does to the father.

Well editor, I hope that this will escape the censors blue pencil and that you look over our bad spelling and poor writing, and let all know that we are in this fight for decent living conditions and shall fight until the last for our just rights. Thanking you one and all, I am

Jack Keeling,

Local No. 880.

L. U. NO. 890, JANESVILLE, WIS.

Editor:

Local No. 890 has been organized here and we have about thirty members in good standing. We are also having some fight with the contracting Companies and the Jane Elec. Co. is the hardest, but we have been one jump ahead of them so far. Janesville is expected to grow to be a regular town now that we have the Gen. Motors Co. here, but they will not pay any where near the scale, locked out our men on the job, but we are going to try and make them like us.

There has been a lot of advertising about the amount of work here, but I wouldn't advise anyone to come here and expect to make a stake because it can't be done as wages are to cheap and as yet the work isn't here. I would like to say that we are not the only trade that is organized here and anyone coming to Janesville must bring

their traveler. At present we are forming a Building Trades Council to protect ourselves against capital. We also have an ordinance to present to the city council for a City Elec. inspector and lineman, both of which are needed badly, and if the city fathers survive the shock of having mere citizens like ourselves ask for anything like that, we may have that regular town they think we are going to have. If any of the Brothers would like any information about this part of the country, write this local, Box 363, and we will try and tell you everything that is going on.

Fraternally,

J. N. S.
Press Secretary.

**L. U. NOS. 907 AND 913, YOUNGSTOWN,
OHIO.**

Editor:

I am writing this letter for the benefit of the brothers who do not know what kind of progress is being made to get cranemen and electricians in the steel industry to join the Union.

The brothers who read The Worker this month will be surprised to know that there have been two new Locals installed inside of ten days, and that each of these Locals will have a membership of over 1,000 men inside of six months' time.

Too much can not be said in praise for Brother Harry H. Broach, for it is due to his untiring efforts that the Youngstown Sheet and Tube Company, Trumbull Steel Company, Brier-Hill Steel, Republic Iron and Steel, and all other steel companies in the state of Ohio who have spent millions of dollars to keep the union men out of their plants, have at last come across and are willing that their men join the unions.

Brother Broach has been spending night and day in his efforts to beat these steel magnates, and he should feel very proud of the fact that he has at last achieved the goal he started for.

It is a shame that the I. O. can not send a few more men into this district that are as willing workers as Broach, for if they did we know that the Electrical Workers in this valley would soon be organized 100 per cent. And what could a steel mill do with all the cranemen and electricians out on strike? Shut down!

And lest we forget it, it must be remembered that the I. B. of E. W. has a very good friend down here who is responsible for over 9,000 men getting unionized in the last three months in these same steel plants. He is Brother John E. McCadden, General Organizer, A. F. of L., and Past Grand Treasurer of the I. B. of E. W.

So both Locals 907 and 913 join in asking that you send Brother Broach back to this valley just as soon as possible, and in one year from today we will have two of the grandest Locals in the I. B. of E. W.

Fraternally yours,

John F. Ryan,
Business Agent, Locals 907 and 913.

Just a few lines to the Brothers at home to let them know what some of the membership are doing over here to pass the time away, while waiting for that said boat to take us back to God's country and home. This division was inspected by General Pershing a few days ago, accompanied by the Prince of Wales. Very good inspection if it had not rained about all day, and we all got wet, but such is the life in what I have heard some people say Sunny France, but the sun must have went on an extended visit for it sure does not show up for inspection very often. We celebrated Wash-

ington's birthday by having a good football game between the 35th Division and the 7th Division which resulted in a scoreless game which they are playing off today in Toul, about 20 Kilometers from here. We also are having some good boxing and wrestling matches here now to decide the championship of each weight in the Division and the best men to be open to challenge to the entire A. E. F. We also have several good matches between some French pugs and men of the Division now and then. So with all this and our regular drill schedule during the day we manage to keep busy most of the time. I just received a Worker for December from Brothers Brown of Peoria and there must be a scarcity of ink in the States for the scribes are few and far between in the correspondence columns. Also note that my old Local are not kicking in with their dues very good, according to official receipts received at G. O. Look out boys there will be a time when you will wish you had been more prompt, for now is the time to keep things moving along at a fast pace and preparing for the future, which may be bright and again it may not. I see by the papers that this Division is due to sail in April, so here is hoping that I will be able to celebrate Decoration day at home.

With best wishes to the Brotherhood at large and the G. O., I remain as ever.

Yours fraternally,

Private Archie Maze,

Editor:

Just a line to the Journal, the brothers of the I. B. E. W., and in doing so my thoughts are with Local No. 15 of Jersey City, N. Y., my old Local before I volunteered and enlisted with the 413 R. R. Bn. at Jersey City, Nov. 26, 1917. Brothers Ted Precht of L. U. No. 20 and Paul Henry of L. U. No. 29 are still with us. They enlisted about the same time I did. We left N. Y. City Jan. 9, 1918 on the R. M. S. Cormorant for we did not know where, and landed in Liverpool, Eng., thence Winchester, South Hampton, La Harve and Angers (M. L.) France, Jan. 30, 1918, and in French Barracks, where we stayed until Feb. 18, 1918. I was out on a job of stringing two wires for the French Government. While we were there about 50 km. of wire strung. We went to Beaupreau (M. L.) and started my first job of construction after we was made a Telegh. and Tel. Bn. rom a R. R. Bn. We constructed a 20-wire lead on 8 en (26 ft.) poles from the ground up to Chemille 23 km's. (14½ miles) and then moved to Chemille and constructed 15 kms. 9¾ en.) and met Co. D., who had done about the same as we had.

Then May 26, 1918, we moved to Condray Macquand, near Sanmuri, and started a six-wire lead from our main line at Montreal Belloy to Sanmuri 15 kh's. 9¾ miles. There I was detached with a detail of six men to do the reinforcing and guying for the 416 on the south end of our BeauPread job, from there to Nautes back with 413 June 16, '18, and the job is almost completed. June 26 detached again with 10 men for Angers to string Tel. poles from Angers to Bellets outside of Angers within 15 or 20 km's. of the city. I strung 30 or 40 km's. of Paris (18¾ or 25 m.) and July 6, '18, ordered back to Bn. at Savemeres, where we are stringing a 4-wire lead on French R. R. poles from Chemille, our main line, to Angers. July 24, '18, at Porthenay another job of 4 wires from La Rochell to Sanmuri over the Frogs R. R. poles. We moved four times on that job before completed.

Frouthenay, LaRochelle, Surgers and Niart, and then the Bn. came back to Porthenay for departure to Rocheport where Co. D. stayed, and we Co. E. left for Sanjour Aug. 27, '18, where we started another big job, 30-wire lead from Talmont to Rocheport, 65 km's 40 $\frac{1}{2}$ miles. Dug holes and set first pole Sept. 3d, '18, and Nov. 16, '18, all poles set, wires strung and line working at noon. The last work we did. Have been waiting for orders every since.

We moved from Sanjon here, St. Autaine 28 km's from Bordeaux, Jan. 2, 1919, awaiting debarkation for God's country (U. S. A.) I enlisted as a private, was promoted to sergeant, to Sgt. 1st class and then to M. S. E., Master Signal Electrician, Aug. 1st, 1918.

Give all the Brothers my little message in the first possible issue of the Journal, so that they will know that we are coming back and coming back strong, and I

am first, last and always for the I. B. E. W., Old Glory and God's country.

As ever
